Quick Advocacy Links: Opportunities with Single Actions or More

Interest	Actions	Resources
Civic Engagement	Sign petitions, meet locals engaged in climate advocacy from different sectors, engage policymakers, use your trusted voice as a healthcare professional to protect people and communities.	Citizens Climate Lobby – Nonpartisan Climate Activism
		RepublicEn – Conservative Climate Activism
		Physicians for Social Responsibility
		Interfaith Power & Light
		Climate Reality Project
Patient Education	Talk to patients about how they can protect themselves against heat waves and air pollution.	Climate Change and Your Health (American College of Physicians)
		How To Survive a Heatwave (Climate Psychiatry Alliance)
		Miscellaneous Patient Resources (Medical Society Consortium on Climate & Health (MSCCH))
Medical Education	Integrate climate & neurology content into curriculum of students, residents, fellows; assess school sustainability efforts; or offer to create new climate and brain health modules in your area of expertise.	Climate Resources for Health Education plug and play modules
		Global Consortium on Climate & Health Education (free office hours on implementing climate change in med ed)
		Planetary Health Report Card for Medical Schools
Research	The Neuroscience Climate Working Group (NCWG) meets monthly to support and connect neuroscience climate researchers.	Neuro Climate Working Group
Health System Leadership	Advocate system-wide emission reductions; raise awareness of health care's carbon footprint. Join a network of +1500 member hospitals in reducing hospital emissions.	Practice Green Health
Medical Societies	Encourage your medical society to take a stance on climate, educate members, and advocate fossil fuel transition. MSCCH can give advice on starting a working group or position statement in your medical society or state neurological society.	Medical Society Consortium on Climate & Health (MSCCH)
State Level Advocacy	The MSCCH has 29 state chapters. You can work with existing chapters, create a new state chapter, or find state-level advocacy resources.	Medical Society Consortium on Climate & Health (MSCCH) State Affiliates
