

Wed. Mar. 23 10:30 AM Conference Call: John Tierney, Stephen Jacobs Mike DeVine

- Use IAEP mailing list, marketing list to announce our gathering content (tutorials, research, etc). Collect content via email responses, put links in google docs folder for now
- Make wiki page temporarily with links, including an introductory paragraph with something like: "Sugar Labs redesign being done... using research from MIT (link), design being done by design pro's & sugar community, looking for recommended content for inclusion in the full wiki/site".
- Write draft of intro paragraph, circulate to John, Walter, etc, then once approved throw up on wiki page and circulate to community
- tonight- Gerald can point to lots of research; ask for links to existing research
- Hold back forums until after global summit in Uruguay May 5-7? Link from micro-site to both old site and a preview of new site. Make forums but don't go live until after conference, add description of forums on new site teaser.
- Tomorrow- Skype chat with Fargo guys 30-40 mins @ 3pm ET
- Friday- Skype chat with Prof. Sumir Verna's grad student 30 mins @6pm ET
