

Overview

This guide is built for Pietra Brands that are off-boarding from Pietra's Fulfillment Center (FBP) and assisting Pietra Operators

The main steps are as follows:

- A. Creator notifies Pietra they have decided to offboard
- B. Pietra Counts and Packs Remaining Inventory (Labor billed at \$45/hr)
- C. Coordinate Freight: schedule and coordinate freight to ship any remaining inventory out of Pietra's warehouse to the brand's desired address
- D. Disconnect Sales Channels from Pietra: confirm all relevant sales channels are disconnected from Pietra to ensure orders will not continue to flow into Pietra for fulfillment
- E. Address Outstanding Orders: ensure any orders in the "Outstanding", "On Hold", or "Processing" states are closed out
- F. Remove Pietra-Generated SKUs: delete the Pietra-generated SKUs from the brand's account, which will remove the log of that brand's inventory
- G. Cancel Subscriptions:

For any questions, please message creators@pietrastudio.com with contextual details and specific questions on which steps of the process are unclear.
