Please refer to the additional hand out outlining the World Language Department Grading Practices.

Tarea: Homework:

All work will be turned in directly on classroom for now. When I assign homework, you will always have a minimum of at least two nights to complete it. This way, there is no excuse if you had a late practice, work, family commitment, etc. Plan accordingly and do not procrastinate! If students know they will miss a class or are absent, please see me as soon as possible for make-up assignments. All extra handouts will be placed in a bin in the classroom for you to pick up at your convenience. Ask a friend what you missed. All remote learners, please print important documents such as vocabulary lists and typed up notes that I provide in classroom to put in your notebooks.

Homework will be posted on the board daily. Look for your specific class/period.

We will also be using Google Classroom and all work will be posted there as well.

On your homepage of classroom, it will say upcoming work due with the assignment linked. This will be your best way to stay organized and know what needs to be done to prioritize work.

Most homework is considered "Habits of Work". Therefore, it does not factor into your class grade just based on completion, but will be recorded in the grade book for view. This will help determine whether or not there will be approval for retakes. If you are not completing homework consistently, a retake opportunity may be denied.

Some homework may be collected and graded under the category “Activities for Learning” (20%). These assignments would have varied answers from students and be graded based on accuracy/standards, not on completion. Any homework assignment of this type will be clearly announced as going into this category and that it will in fact impact your overall grade. If you copy from another student, this will result in a zero for all participants involved in the assignment.

Homework passes: There will be different opportunities throughout the year to earn homework passes. These are good to replace one night of written homework. You will receive full credit for the assignment you chose to skip. They are valid only under a “Habits of Work” assignment, NOT in place of any graded assignment. All passes are valid for use until the last day of school.

Passes are earned on occasion by: winning games, extra credit opportunities, fantastic/creative answers.

Plagiarism: Students suspected of on-line translators for Spanish writing assignments will receive a grade of “zero” on the assignment and will be referred to the administration. Students should use Spanish/English dictionaries and textbooks to look up vocabulary and infinitives and/or www.wordreference.com
