

Staff Shout Out!

Meet Mrs. Silvers...

All about me...

I am in my 12th year with the district. I absolutely love our community and enjoy being involved in a lot of the youth programs. I am a mom of 4 kiddos that keep me busy and involved in Football, Wrestling, and Baseball/Softball. My favorite part about my job is making connections with students and families!

Years Taught: 12 years!

My WHY for teaching...

My "why" is to make everybody feel like a somebody. This is a lesson that I teach my children at home AND at school. I want everyone I work with both children and adults to feel valued! I make sure to keep up with my students past and present so that they know how wonderful they are and that each and every one of them matters! I have always wanted to be a teacher but making those connections with students and families is what keeps me going!
