Covid & The Course

During these times we, as a training centre, aim to be as flexible as possible to ensure your training gets completed within a timely manner. We will do our utmost to ensure that all the necessary face-to-face assessments are completed, if possible, before any lockdown to still allow you the opportunity to pass that element of your course, without too much disruption.

We will then decide, as a group, whether to continue the practical days online or wait until the lockdown is over and we will go with the majority group vote.

We would like to take this opportunity to reassure you that the quality of your training is extremely important to us and will do what is necessary to ensure that you receive high quality tuition from us, whether that is online or offline. This may mean that we do elements online and offer you additional face-to-face tuition days to make up for the time that has been missed. This will be arranged at the discretion of Elite Pilates Teacher Training, depending on how far along we are in the course and if it is deemed necessary.
