

Kahoot! Badge

The Badge: The Kahoot! badge is issued to individuals that have demonstrated their ability to create a purposeful, digital formative assessment or review. Badge owners will demonstrate that they have the ability to create a Kahoot! and justify how it applies to their setting/curriculum.

How to earn this badge: To earn the Kahoot! badge you must create a free account at [Kahoot!](https://kahoot.it) in which you will demonstrate your ability to create a meaningful formative assessment or review that includes the criteria listed below.

- ☐ Create a Kahoot! quiz.
- ☐ Name your quiz, upload a picture, write a description and make it visible to everyone.
- ☐ Construct a Kahoot! that includes at least 10 meaningful questions that are related to your curriculum/setting.
- ☐ Make sure the assessment is grammatically correct and free of errors.
- ☐ Upload a file/attach the link to the data you collected from the assessment given. Since there are student names attached to the results, for confidentiality purposes, make sure that the names on your sheet are blurred out in some fashion.
- ☐ Submit the link to your public assessment. The link must work to get credit for this badge.
- ☐ WITHIN KAHOOT, SHARE YOUR KAHOOT TO THIS USERNAME: **scoebadges**

Share quiz with friends & colleagues

Start typing their name (or username if you know it) below and they will appear in the list. You can share with up to ten people at one time.
