Format penulisan judul sub bab: setiap awal kata kapital dan ditebalkan.

RESULT AND DISCUSSION

RESULT should be clear and concise. It can be presented in the form of tables or figures. THE DISCUSSION should explore the significance of the results of the work, not repeat them. The discussion should associate the results with the hypothesis/objectives and accompanied the literature.

Writing Figures and Tables are described as follows: Figure and Table are written using a format centered. Each of figures and tables should be numbered and the title, and referred to in the manuscript. Number and title of the figure is placed below the figure, while the number and title of the table is placed on the table, as shown in Figure 1 and Table 1. Figure should be in a black-and-white format (**black and white**).

HASIL DAN PEMBAHASAN

HASIL sebaiknya jelas dan ringkas, serta dapat disajikan dalam bentuk Tabel atau Gambar. PEMBAHASAN sebaiknya mengeksplorasi hasil penelitian yang signifikan, tetapi hindari penjelasan yang mengulang data. Pembahasan harus mengkaitkan hasil dengan hipotesis/tujuan dan disertai pustaka.

Penulisan Gambar dan Tabel dijelaskan sebagai berikut: Gambar dan Tabel dituliskan menggunakan format rata tengah. Setiap gambar dan tabel harus diberi nomor dan judul, serta diacu pada tulisan. Nomor dan judul gambar diletakkan di bawah gambar, sedangkan nomor dan judul tabel diletakkan di atas tabel, seperti terlihat pada Gambar 1 (Figure 1) dan Tabel 1 (Table 1). Gambar diusahakan dalam format hitam-putih (black and white).

REFERENCES

Every manuscript must include a list of references contain only the works cited. Each entry should contain all data necessary for unambiguous identification. With the author-date system, use the following format recommended by the *APA Style*:

1. Arrange citations in alphabetical order according to the surname of the author or the name of the institution responsible for the citation.
2. Use author's initials instead of proper names.
3. In listing more than one name in references (Molyneux, P., and J. Thornton,...) there should always be a comma before "and."
4. Dates of publication should be placed immediately after the authors' names.
5. Titles of journal should not be abbreviated.
6. Multiple works by the same author(s) should be listed in chronological order of publication. Two or more works by the same author(s) in the same year distinguished by letters after the date.

Recommendations for references are:

1. Authors are encouraged to use Mendeley or Zotero, etc.
2. Authors are encouraged to have references mainly from primary source (at least 80% of the references), such as research articles in journal, proceedings, working paper, or dissertation.
3. Authors are encouraged to have references that are up-to-date references (at least 80% references dated within the last 10 years).
4. Authors should avoid excessively referencing your own work (self citation).
