[ENROLLMENT OPEN] English With Friends Course For Christians

Hey there **[RECIPIENT]**,

Tyler Ellis tells me that The *World At Your Door* Challenge has been received with great enthusiasm and that people from all over the world are taking the bold step of enrolling in his new digital course, *English With Friends Course for Christians*.

This positive reception confirms that ordinary Christians are not satisfied with limiting their response to the Great Commission to just saying prayers and making donations. They want to get off the sidelines and gain firsthand experience.

We live in one of the greatest times in human history. We’ve been given the opportunity to make cross-cultural friends – in-person and online – with Hindus from India, Muslims from the Middle East, and Buddhists from China.

The fact that this world is at your door (and on your computer monitor) is an opportunity that past generations could never have dreamed of. However, in times of massive opportunity, it's important to take massive action!

The world needs you. And there's too much at stake to pass up this opportunity.
