So, the day has officially and finally come, huh? March 16, 2026. What was the meaning of this, you asked? Am I still leaving the Internet forever for being the most annoyingly racist grooming pedo who sends NSFW R34 pictures uncensored to minors and lies about leaving the internet forever? Yeah. Am I re-improving the object show-related stuff? Yes. Is CFOT going to be renewed and uncanceled as the object joke camp? No again. Is BTBE 1 being worked on but unreleased and unfinished? Yes. Should I explain everything behind the video of why I made the worst mistakes to everyone in the last year? Well... 100% yes. Well, OK. Here it goes. Yeah. You heard me from the video, I'm officially coming back to the internet, but still leaving the OSC forever. You might be thinking to me now: "WHAT? I do NOT want these videos. I'm unsubscribing you, writing my hate comments to your videos, you sussy baka, and disliking your videos. So, goodbye, for never, and I hate you so much, you racist-grooming sussy baka R34 NSFW liar-pants-on-fire pedophile! Leave the OSC and the Internet forever! NOW!!!" And I have

the very real reasons why I acted too problematically controversial and gaslighted to betray the OSC. Now before you guys get hyper raged at me again, let me tell you the saddest reasons. Welcome to Why I Wanted To Change And Reform Myself. Hey. This is Matthios ,or H@1L\$T0N3R. Formerly known as Studio Matthios Medias or SMM for short in the past. Or Eastern Flower Productions (if you don't know my old usernames) , but these old usernames were in the past. And I thought it would be the best time to reach out to everyone again given that the new year is finally here and upon us and I've been doing a lot of reflection on my past actions as well as thinking about my past controversies and demotivations back when I was 20. And a lot of people were wondering where I have been and where I was, for I've come to the conclusion that I need to talk things out with the hugest explanation and apology to everyone who may be watching the video. In about 2016, I used to watch BFDIA and my favorite character was Puffball. In 2020, I used to watched BFB, and on January 10, 2021, I watched TPOT and in October 2021, I watched and heard all the other object shows, and when I was 19, I joined the OSC due to my OC for Object Wars 2021, up to 2022, currently. And I tried creating CFOT, but now I canceled it due to lack of auditions and stealing assets from shows without credit because I had a giant meltdown, had a very bad mood, and caused the largest controversy on everyone in the OSC and this made everyone mad at me and I've really really betrayed them all for I've been a real jerk to everyone after I got gaslighted to think I'm the most racist grooming pedo. And all I made was a butterfly effect. So I had to leave the OSC and the Internet forever. Cold hard truth? I love composing music and making original art other than making object shows. Also, I really do care about TAFFYMARZI's best health ever and I didn't want him to die because of my really guilty guilt-tripping actions. If that was the case, I wouldn't have been gaslit to think I'm one of the racist grooming pedos in the OSC nor reposted TROC nude art and slurred the N-word to all the OSC people at all on every social media like Twitter and Discord in the first place. Maybe none of this would've happened if I wouldn't have to slur the N-word and post NSFW to them and I mean everyone on every social media like Discord. Back then, I felt very very guilty that I didn't care about TAFFYMARZI's health at all and I wanted him to block me from Twitter and Discord, which makes me feel like my brain is now having a shrinkage and damage after what I have really done to the WHOLE OSC last month because I got truly accused. I do care about TAFFYMARZI's health at all times, especially everyone's very own, too! And the reason I never apologized to everyone and I made them my victims directly because I was a racist grooming pedo and a liar is they don't want me returning back and talking to them ever again for a good reason, because of the fact that everyone mocked me and was insulting me, by calling me a "sussy baka". It's very hurtful and mean for me and for everyone. And the reason I should do better and change and reform myself by leaving the object show community and also the internet is that Aspenetric told me on Twitter that making sexual remarks and abuse to children who are minors from ages 13 to 17 and other people who are young adults called majors from ages 18 and up in the OSC is really and absolutely traumatizing and really unforgivable for me. And I've also realized that every controversy, like racism, sexual abuse, trolling, being a manchild, doxxing, and pedophilia have been prohibited and forbidden forever in the OSC and other communities. That's the reason I got delusionally gaslighted and my brain hypnotized me to repost NSFW, slur like a racist person (because I'm black), and groom minors. Gaslighting affected my mental health. I became anxious, crazy, and depressed after betraying everyone. Now for the short updates. First things

first? Combat For Object Temple is officially canceled forever, due to the early closure of the show because of a lack of auditions and stealing assets from everyone's object shows. It's the early scrapped concept of BTBE. Oh! Speaking of BTBE, you might be wondering "WHERE'S BTBE 1?!" Well, remember the last time EpicMations wanted to help me reboot my object show as Brawl To Be Enchanted? He helped me work on the script together. And he helped me write episode 1. Until recently and currently, I got exposed and canceled on every social media for being the most annoying racist grooming pedo because I groomed WinterChillz, the creator of Abstract Universe and Survive of the Five, Wenis Wagglar (idk the name), and Elimator (though he's not in the OSC), and hurt Dsanity's feelings after firing him from the CFOT crew. Everyone hates me. No one wants me to return to the OSC and trusts me on my side. And I'm afraid I'll have to cancel BTBE as well. And so is Matthios Reacts on my reaction channel due everyone making fun of me. So the reason I had to change and reform myself was to really leave the OSC and the Internet forever back when I was 20, because I was very mad with power. Everyone was so lazy to forgive, they still bullied me. Also, to all the people in every community and also the OSC whom I've harassed, cyberbullied, abused, hurt, shouted to, been mean to, trolled, yelled at, scolded at, and, to minors, groomed since two years ago, though whom I don't know in the past, Psychedelic Pickles, AlexAB, CubedFox2007, SwaggieVortex733 (Rest in heaven), TheCatOfObjectShows, BorisCrafter, Jacob Fairclough, Notepad, Bucketverse, RazuPokemon56, ZuranimatedMedia, Dsanity, Joshua Paul Maninngo, LaserElectric, HHJ, Wuggolo, FusionAnimations, SnowyPackel, Spartan Dash, Daniel Rapitis, Novelmations, AnimatedGalaxy, ShatteredWaters, YellowAngiru, StehZee, Brybee, UndeadTaylor, onnigiri, Steamed Milk Studios, PillowPepper, Jello-Tin Donut, BixByte, FuzzyEpic3, SherriMix, WoopDoo, Grayson Hall, Yeartine, GoldenSponge, That Liy Guy, PK Rocker, BranDexterXtreme, YoshiTails13, SuperMarioFan Studios, ChrisShwafer, Highvan, WhoTheHeckIsStan, Crystal Critique, Aspenetric, SuperHapMan15, RubenFloresMii, WebzForevz, Blundue, AsaphDaKing, AiRosie, ArtificialDeluxe, legotd61, ChromaTheAnimator, TropicalT, IceDoesThings, Corny, Cinnaleaf, Tyler Lantz, TestTubeH, Leo Friends, Stabby, Mackenzie B., ApricotStone, TariqToonsTV, Cam-Cam The Rabbit, LightXD, DFS Animations, Lukeman141, Mr. Pizza, NottyNoun, MistyBreeze, XanyLeaves, GuyGoon, Spherigon, Alejo Animations, PaintedComfort, Ace-Lynn Mathews, Hita, StudioCRJ, BigIdeaFan Inc., Xananer, K Studios HQ, M.M. person in the OSC (like every controversial people who left the OSC forever) and for the most inappropriate things I did and said by being too controversial (like sending NSFW, grooming minors, gaslighting, being a pedo, racism, sexual harassment, blacklisting, death threats, and slurring) and affecting, and demonizing you, and harassing you all, and being way too harsh and toxic on you, and for lying to you, threatening you, annoying you all, DM advertising you all, and being a phony joke to all of you in the OSC. I feel super duper hyper extremely bad for all of you. I'm admitting my wrongdoings. It's all my very own fault for betraying you all for doing the most annoyingly controversial things I did, like causing drama and chaos to make everyone hate me, sending NSFW to you and all the minors and saying racist slurs and grooming everyone. If there's anything you can make me feel really better, I promise to be the smartest and most mature person out of the OSC. I won't be too over-dramatic and controversial with you. Sure my main channel doesn't have more subs, but at least I could change myself. But now, I'm taking the whole damn blame for what I did. It's just that... I imagine if I have a negative aura. My body created this chemical that expels outwards and made the whole OSC hate me so much and despise me so, so much, when the whole chemical has taken effect! Although non-OSC people other than the OSC can be immune to it if they have somewhat of a connection to me. I mean, of fucking course, with me having the giant negative aura, it's hard to differentiate people that already hate me so much and the most from the chemical to people actually hating me like TAFFYMARZI. He hates me with a blocking passion on Twitter and always totally freaking HAD!!!! Sorry for yelling, but I've turned 24 and now I'm fully and truly matured and I will be all better, which is time for me to grow up. I'M SERIOUS! For real. I will try to do good deeds. I will change, I will heal, I'll be very matured, and stop my bad side from betraying everyone for grooming minors, being a manchild, sending 34, and saying slurs. I wanted to reform and change and improve myself. I wanna change my attitude. I don't wanna be accused of being a racist though I'm black in real life, and grooming you all and being all childish and controversial. That was mean of me! Now you remember the past when I first reposted someone's drawing of BBBOF and Olive from TROC having uncensored R34 sex? Well, that's messed up for me to do that, so is racism, slurring, trolling, harassing, and cyber bullying. I know I'm not popular without you and we don't get along with each other because we're all enemies of each other and I'm also the predator, but I promise to follow the rules and terms of service and stop being mean to you and stop reposting the same TROC NSFW picture I reposted and I will respect you and I mean you all if you all respect me well and let it go. And I also promise to behave very well. I screwed up in the past, so I'm gonna forget the most terrible things I did. I'm not like the racist-grooming pedos like SuperScratchKat, Gery, nor other problematic people. I'll try to improve myself and my mistakes and calm down to be a good person and change and reform myself. If you accept my wrongdoings and my apology on the video saying that I'm still leaving the Internet forever, please forgive me. I mean, you guys, the OSC, are, like, a community to me, and all, but I have gone too far and I have done many damages, and I have no other options. I'm still going to leave the OSC and the Internet for good because the OSC was very hyper toxic for me to join. I wanna be a really good person. I don't want to violate you guys and all the rules. I don't want to break your promise. I wanted to change myself and move on, get a new life, touch some grass, and grow up. I don't want to play a victim card nor be a predator again. I know you won't all forgive me, and you still hate me forever, so go ahead and make the angry ragebaiting comments to hurt my life and my feelings, but I care about everything and

myself and my own safety other than these communities like the OSC. And I want to show some respect. And I love you all as my favorite people, even if you banned and blocked me forever. Before I discontinue both of my YouTube channels, let me say my last words. Thanks for reading, and goodbye forever in the future. Until we meet again. True accountability and improvement are what's worth enough for me after being a delusional crybully. Which means I need a real indefinite hiatus from the internet. Goodbye.
