Resources and other ideas:

Listen to an educational podcast! Try [RadioLab](#) if you like science, [Forever Ago](#) if you like history, or [Goodnight Stories for Rebel Girls](#) if you like biographies

Journal Every Day - Things to write about/prompts:

What would you do? Research how the virus spreads and different plans that leaders have made to slow it or stop it. Then imagine you are an elected official. Write a plan of your own to slow or stop the virus in your own town.

What are you excited or worried about?

Write a letter to yourself 10 years in the future. What do you want to tell your future self?

How do you think the world will be different after the novel coronavirus?

What part would you play? People in many, many different jobs play a role in managing this outbreak. Make a list of jobs that can contribute to a solution, and write about which job you'd want and why.
