Accelerated Class Information

Accelerated Math 6

Students must obtain teacher recommendation AND be proficient in ILEARN with a B or higher average OR have a CogAT Math score at/above 95%ile. Comprehensive development of mathematical skills and topics from **6th, 7th and 8th grade standards** including: problem solving, whole numbers, decimals, fractions, integers, rational numbers, geometry, ratios, proportions, percents and solving equations using transformations. This course is for the advanced 6th grade student who has demonstrated a strong work ethic and high quality workmanship in math class, with above average problem solving and computational skills in whole numbers, fractions, decimals and percents.

* Students consistently earning a C+ or lower on assessments will have their placement re-evaluated. Following a teacher recommendation and parent approval, they will be moved to the Math 6 curriculum.

Accelerated English 6

Students must obtain teacher recommendation AND be proficient in ILEARN with a B or higher average OR have a CogAT Verbal score at/above 95%ile. This accelerated course is intended to prepare students for future honors-level and advanced placement classes. Students will be engaged with in-depth and rigorous coursework that focuses strongly on analyzing and synthesizing a variety of texts. There is a strong focus on writing in this course that will teach students how to write for varied purposes while preparing them for writing in advanced courses in the future.
