### **Content Production Support Call Announcement**

**The EU4 Independent Media is announcing a call for production support of independent media content for the audiences of the EU Eastern Partnership**

The overall goal of the content production support programme is to facilitate the production of high-quality, trustworthy, and diverse content for the EU Eastern Partnership on the topics that remain underreported at the time of war in Ukraine but are related to its impact and are of crucial importance to society. The project is supported by the European Union.

#### **The objectives of the Program:**

1. To support independent media outlets, journalists and production teams through provision of content production support.
2. To support capacity building of the media outlets through multimedia storytelling seminars and mentoring.
3. To contribute to the provision of high-quality public interest content to societies in the EU Eastern Partnership across a variety of platforms.

#### **Eligible applicants:**

1. Independent media outlets.
2. All legally registered news organisations registered catering for audiences in a country or countries of the EU Eastern Partnership
3. Journalist non-profit organisations;
4. Independent content production companies;
5. Journalists/content production teams acting on behalf of any of the above.
