

STUDENT REMINDERS:

- Cell phones **AWAY** for the ENTIRE DURATION OF THE CLASS. Sub will confiscate and bring to the office any that are visible.
- Hold onto homework until next class.
- Have fun and please treat the sub with the respect you'd like to be treated with!

PLAN DEL DÍA:

- Calentamiento (warm up): [hace + tiempo](#)
- Then: AFTER FINISHING (please do not cheat by looking before finishing!), check over [answers](#) with table group.
- After: watch [tonitofrito present progressive](#) on your laptop (or as a table group on 1-2 laptops). Please take advantage of Señor Jordan's great explanation of the topic because it is the next thing we'll be learning in class!
- After all have finished watching the video, form groups of 3-4 to create a [dramatización \(skit\)](#). You should have 45-50 minutes of class to work on the skits. Remember skits must contain all **required elements** in order to get a passing grade; also important: **all must participate!**; no need to memorize; simple props are encouraged for Friday's presentation!
- See sub for hard copy of dialogue requirements (1-2 hard copies per group should suffice).
