

3 Levels of Text Protocol

(Adapted from the National School Reform Faculty:

This protocol engages each person in sharing their reading of a text on 3 levels with other group members (consider group sizes of 3-4). Each group member shares their reading on the following three levels:

Level 1 - LITERAL: Read aloud one passage that resonates with you. (Select a new one if someone has already read yours).

Level 2 - INTERPRET: Say what you think about the passage (a connection, an interpretation)

Level 3 - IMPLICATIONS: Share what you see as the implications of this passage for your work.

Group members respond to what this participant has shared before rotating to the next person to share.
