Sour Cherry Seed Oil

Sour Cherry Organic Carrier Oil is a delicately textured oil obtained from the seeds of *Prunus cerasus*, more commonly known as sour cherry. Cold pressed and unrefined, this oil maintains its full spectrum of natural components, including antioxidants, vitamins, and a unique fatty acid profile, making it a desirable ingredient for premium skin care, hair care, and body care products.

Its high oleic acid and linoleic acid content supports the skin's natural moisture barrier, while its light consistency makes it universally compatible with all skin types. The presence of eleostearic acid further enhances the oil's film-forming properties, offering a breathable barrier that enhances product performance without heaviness or residue.

With its mild aroma and pale amber hue, this organic oil blends seamlessly into a wide range of formulations and adds a soft, supple, and conditioned finish to both skin and hair.

Botanical Name: *Prunus cerasus*

Plant Part: Seeds

Origin: Poland

Processing Method: Cold Pressed

Processing Type: Unrefined

Color/Consistency: Pale amber; lightweight and smooth with a light skin feel.

Aromatic Profile: Very mild, neutral aroma suitable for unscented or subtly fragrancd products.

Blends With: Jojoba, Evening Primrose, Meadowfoam, and other organic carrier oils. Complements essential oils such as Lavender, Sweet Orange, or Roman Chamomile.

Benefits

Premium Organic Quality: Organic Sour Cherry Oil is extracted from organically grown Prunus cerasus seeds and are cultivated without synthetic pesticides or chemical additives. This product supports agricultural, environmental, and social sustainability and is suitable for clean beauty formulations and eco-conscious product lines.

Rich in Antioxidants and Nutrients: A valuable source of Vitamins A and E, as well as oleic acid and eleostearic, a polyunsaturated fatty acid, this lightweight carrier oil delivers skin-softening emollience without clogging pores. The presence of this polyunsaturated fatty acid in this oil protects the skin and hair from environmental impurities.

Lightweight Versatility: With its light texture, fast absorption, and non-greasy finish, Organic Sour Cherry Oil enhances the performance and sensory appeal of both water-based and oil-based formulations. It is particularly well suited for emulsions, balms, and hair care treatments.

Directions and Uses

- **Advanced Skin Care Formulas:** Use Organic Sour Cherry Oil at 1% to 10% in facial serums, moisturizers, lip balms, and under-eye products to help support hydration and softness.
- **Hair and Scalp Care:** For nourishing and organic hair and scalp care formulations, 2% to 5% Sour Cherry Organic Oil is recommended for enhancing manageability, softness, and glossiness in dry or brittle hair types.
- **Body and Spa Products:** This organic carrier oil is recommended at 3% to 10% in body butters, massage oils, sugar scrubs, and bath oils to deliver a luxurious, non-greasy finish.
- **Carrier Oil Blends:** Use up to 100% Sour Cherry Organic Oil as a standalone carrier oil or blend with other unrefined oils such as Jojoba, Baobab, or Apricot Kernel to customize viscosity, absorption rate, and nutrient profile.
