

## Tonco: Refund from pool

When creating a position, problems may arise when part of the liquidity funds gets stuck in the pool.

To make Refund, follow the instructions :

- 1) Authorize using same wallet for created position
- 2) Open All pools tab <https://app.tonco.io/#/pools>
- 3) Find the pool in the search field where the funds are stuck

- 4) Click Refund, sign the transaction
