 - o What does this app have to offer?
- ◆ Hardware/Software
 - o I Phone/I Pad/I Message. It is a good tool for the classroom.
- ◆ Curriculum
 - o It can be used as an enhancement to the classroom because of its many features.
- ◆ Cost/Licensure/Additional Purchases
 - o It is free and has licensure to be used by many people.
- ◆ App Content
 - o The app is kind of like an online classroom. It has a stream where you can post announcements. It has a spot to view your classes and what's due. It has a spot to message your students. There is an explore page that has articles, games, and so much more.
- ◆ Impression
 - o I absolutely love this app. It has so many amazing features that could really be helpful. When I looked at the explore page, the first thing that came up was teaching about diversity and being inclusive and that just made my little teacher heart happy. It is very easy to navigate and I really like it.
