

Latest Action from the Wildcats stable

We are waiting outside the Aries/Wildcats training facility following another UCC event. This one was from Singapore and was intense and a lot of fun to watch. We have also heard from sources about the Unsanctioned action from Sin City Slugfest 4. We have heard that there has been a lot of action from that event and some of it has come from the Wildcats stable. We are hoping to talk with anyone from that event to get more information. Michelle Yeoh the Spokesperson for the Awesome Aries stable comes out followed by a few of the girls from both stables but no sign of either of the two leaders.

Michelle Yeoh: Thank you for coming by. We understand that you have some questions about the UCC latest event from Singapore. I have brought out a few of our girls from both the Aries team and the Wildcats team.

From the Aries stable we have Laura and Vanessa Marano as well as Ai Miyazato, Hilary Duff, Keri Russell, McKayla Maroney and Stacy Keibler. From the Wildcats team we have Brenda Song, Chloe Moretz, Jarah Mariano, Jodie Sweetin, Miranda Cosgrove Sasha Banks and Troian Bellisario.

Let's get started with Questions for these girls.

Question 1: Hilary Duff you did not have the best of events. Neither you nor your sister Haylie were able to score a victory at this event. Is something going on that you did not seem prepared for this event.

Hilary: Well there is this thing going on in Las Vegas that I have been training for and I just guess that I was concentrating on that instead of my match in Singapore.

Response: I guess that is understandable since your opponent at the Sin City Slugfest was Chloe Moretz, But your opponent was Elisabetta Canalis

in Singapore and she is not the kind of fighter to take lightly.

Hilary: Well I guess I just overlooked her. My war is with Chloe. We have issues that need to be settled. As for Haylie's matchup, I am not sure. Haylie is an exciting fighter who I look up to. She just did not do well in preparing for Singapore and her opponent, Naomi Kyle. Haylie took it to 5 rounds but Naomi was just too much for her. Anyways, chalk this one up to our preparation, Neither of us was ready for Singapore.

Question 2: Hilary another quick question. Has your match happened with Chloe at the Sin City Slugfest?

Hilary: Not yet but it is quickly coming up and you can expect a lot better from me. I will be much better prepared for Chloe and she can expect to get pummeled by me.

With a quick glare at Chloe, Hilary walks back into the gym.

Question 3: Miss Moretz would you like to respond to what Hilary has said.

Chloe Moretz: I only have one thing to say about Hilary and her sister. Expect an all out brawl between me and Hilary. We don't like one another and she started this war. Haylie I suggest that you keep out of this unless you want what I am going to do to your little sister.

Question 4: Let's come back to you later Chloe so you can compose yourself. Ai Miyazato, you have looked spectacular and you continue to move up in the rankings. How are you feeling about your success?

Ai Miyazato: I am feeling good. I am working hard to stay in the best shape. I am not looking at rankings or any of those other things. I am concentrating on one thing only and that is my next match which happens to be against Julianne Hough at the Slugfest.

Question 5: Do you think that you can beat Julianne?

Ai: I can only say this. Julianne is one of the toughest fighters that I know in our division. We both want to win and I know that the only way I can get better is to take on the toughest competitors. Julianne used to be in our stable and we know one another pretty well. It will be a classic battle and I am hoping that there are no problems in the match. I want a fair and square bout with Julianne and may the best girl win.

Question 6: Ai, let's look back at your match in Singapore, You fought the Korean girl Eunha. She is a great fighter who really gave you problems. Any thoughts about your fight with her.

Ai: Eunha is a tough Korean fighter who always gives me a tough fight. The last time I fought Eunha, she destroyed me in the finals of the Mini Dress attire tournament in the 4th tournament series. I got some semblance of revenge by beating her in Singapore. We match up really well and we both fight hard. Like Julianne, Eunha brings out the best in me and no matter the outcome, you can always expect a tough hard fought fight.

Question 7: Thanks Ai, McKayla Maroney you have become one of our newest fan favorites. You are a really fun fighter to watch and you have a really good record at 6-1. Your latest conquest was against Kate Bock.

McKayla: Thanks for the question but I don't look at records like my friend Ai Miyazato. Our leadership asks us not to look at records because not only can any of us win against any opponent but we can also be destroyed by any opponent regardless of records. So saying that, I did not know much about Kate except that she has a lot of experience and I count myself lucky to have beaten her.

Question 8: We can respect that because this stable is a lot of fun to watch but you are moving up in your division. How do you feel going up against such an experience?

McKayla: I have to take it and prepare for that opponent and that is all I prepare for. For instance the latest version of the Sin City Slugfest can be fun to fight someone who antagonizes you and I didn't get to make a challenge or get challenged. Thus I had plenty of time to prepare for Kate. Some of my teammates have helped me learn some lessons from revenge fights like the Sin City Slugfest. I have learned from all of that and who knows maybe soon I will get to make some challenges and see what happens.

Question 9: Well we hope to continue to see more of you in the UCC. Keri Russell, you have been one of our all time favorites from your days in the old UMMA. You have had some tough matches

from those days and you have a respectable record.

Keri Russell: Thank you for that. I think that I have done well and continue to improve my skills, I had a tough time between the UMMA and the UCC because I did not train during the down time. I think that I have improved since then and know that I have a lot more to improve on.

Question 10: You have been up and down these last two events but we think that your last match might have been one of your best.

Keri: Sure. This match with Lily Aldridge was a good one for me because we fought all out for all 5 rounds and gave it to the Judges and their scorecards. Those cards don't say it all because Lily is a really talented fighter and she gave me a lot of problems. It was a unanimous decision for those judges but I think they would tell you that it was a much closer fight than what they scored.

Question 11: Well they weren't wrong, you showed a lot of grit and determination and you gave us a good show out there. Now let's talk to the Marano sisters, Laura and Vanessa. It is so good to see you two on the same team finally. Your team leaders showed a lot of faith that you two can work together.

Vanessa: It is good to be on the same team with Laura but we have worked together the entire time and of course we are sisters and good or bad, we love each other and watch one another's backs.

Question 12: We agree with that last statement, You two work well together and you are two popular girls on the UCC grid. We love watching you two in the cage.

Laura: It's not easy out there and we have to stay together because we seem to be making a lot of enemies.

Vanessa: You know that I got your back Laura. After what happened to you against Peyton List, I will get some revenge for you

Laura: You really don't need to do that Vanessa, I can take care of Peyton. She just caught me when I was down and not fighting at the top of my game.

Vanessa: Well no matter little sister, I am going to make her pay for beating you like she did.

Question 13: Okay let's not argue about this. Laura you scored a win in Singapore while your sister struggled with a loss. Do you two feel comfortable on the same team?

Laura: Of course we feel great on the same team. I would not trade Vanessa as my sister for anyone. I love her and she is my best friend.

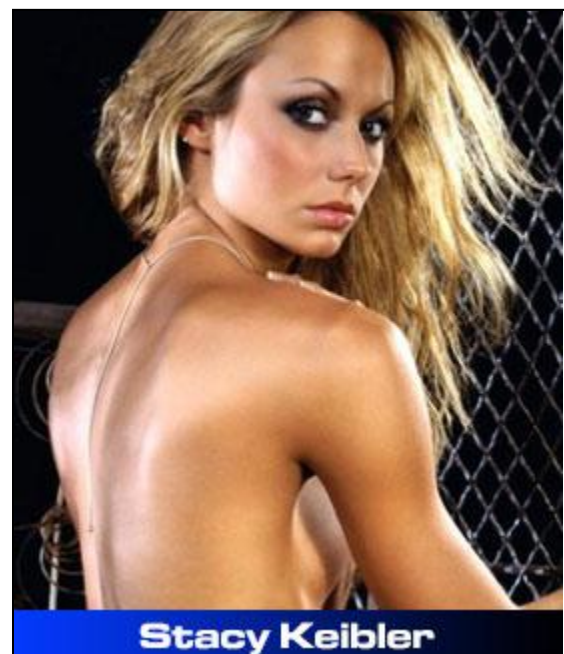

Vanessa: It's true. We may not agree on certain things but we are a team and we will fight anyone who messes with either of us. As for my loss, I think that I fought well enough to win over Stella Maxwell but the Judges had to score a winner and they chose to give the fight to Stella.

Laura: Yes you did Vanessa, You gave Stella a tough fight out there and I thought that you had won. As for me with Nina Moric. I took the best she could give and she took the best I could give. In the end the fight went to the judges and they gave me the win over Nina.

Question: So both of you took the fight to the end and one won while the other lost. We thought you both fought very well and both deserved to win. Thank you both for two of the best fights on the Singapore card. Let's turn to Stacy Keibler. You fought your stablemate Katie Holmes and you scored a very convincing victory with a Rear Naked choke hold that earned you the Submission of the night. Is there anything about this fight with someone who should be your friend?

Stacy Keibler: I don't know what you are talking about. I had an opponent and I did what I had to do to win. Whether she is a stablemate or not, I did what anyone in my shoes would do. I did not hurt her but I had to make her submit to me.

Question: Okay we understand that so let's move on to the Sin City Slugfest. You have not fought

there yet but we understand that there was something that happened there that involved you. Can you tell us anything about what happened?

Stacy: Sure, I seconded my good friend and partner Sasha Banks in her bout against Stephanie McMahon. I did not get involved but my other stablemate, Jodie Sweetin got a little boisterous and she thought that Stephanie was using some highly illegal tactics and she tried to bring it to the attention of the Referee who was not watching what happened. Anything more you will have to talk to Jodie about that..

Question: But you did get involved in that match by trying to distract Stephanie while Sasha tried to regain her senses.

Stacy: I was only doing my job what a good teammate would do. Why don't you talk to Sasha about what she did or didn't do.

Question: Fine, Sasha could you fill us in on what happened.

Sasha Banks: Stephanie is a tough gal. She had me beaten in every category. She is bigger, heavier, more experienced. Everything except heart and that is one thing that I have that outweighs anything she had to offer. As for what happened is really debatable. I don't know anything other than that Stacy and Jodie had my back and helped me get through that battle with Stephanie. That's all I have to say about that. Anything else for me.

Question: Sasha, how about your match in Singapore. You fought red hot Hailey Baldwin. How did that turn out?

Sasha: Not good, like you said Hailey is red hot and I had nothing for her. She beat me pretty badly. I don't know what happened. She just plain beat me.

Question: It had nothing to do with your preparation for your boxing match with Stephanie.

Sasha: No it had nothing to do with that. She beat me one on one and I had nothing for her. I hate to leave with that but I need to go

Question: It's okay, we understand. Let's move onto other things, Miranda Cosgrove and Brenda Song, you both can address the next question. You both had problems in the Sin City Slugfest but you recovered nicely with nice victories in Singapore. What happened in Las Vegas.

Miranda Cosgrove: I just got beaten by a better fighter, I challenged someone that I should have been able to beat, Joey King. Joey is a real fighter. She is better than her record and that is not shabby. I thought that I was a better fighter than Joey but she ended up being the better fighter.

Brenda Song: Same for me, I challenged my arch rival Ashley Tisdale and I had absolutely nothing for her. Ashley and I have our differences and we honestly don't like one another and I took this a lot more personal than I should have. That is how Ashley beat me, she took advantage of my aggression and that was my mistake.

Question: Okay, so then you both came back with positive results in Singapore.

Brenda: Yes, I was able to gain a victory over Shelby Chesnes and that was not easy. She took me 5 rounds before I was finally able to score with a knockout.

Miranda: And I had my hands full with Madison Pettis. That girl can fight but she has problems winning matches. This is just my thought but if this fight had gone longer than 1 round, the result might not have been in my favor. In the end Madison is a fighter who needs to learn how to win matches not just fight.

Question: Good comments, Jarah Mariano. We have been fans of yours but you have not had good results. You fought Melissa Benoist in Singapore. How did you feel

Jarah Mariano: I felt good going in. Melissa has incredible talent and I knew going in what I had to do to beat her. I have trained hard for a couple of weeks for this matchup and I was positive going into Singapore.

Question: You looked like a girl on a mission and you looked pretty incredible.

Jarah: It was a good match, the kind of matchup that I needed. A tough opponent who could beat me and I turned it all around and was able to manipulate her into a standing Guillotine. And that was all she wrote. Melissa had to submit or suffer an injury.

Question: Thanks Jarah, that is why we are fans of yours. You know how to win and that is a good thing and we hope for more to come. Troian Bellisario, you have been fighting about as well as anyone in this stable but you had a stumble in Singapore.

Troian Bellisario: Yeah it was a major stumble, I lost to Mishel Gerzig. I didn't know much about her and she beat me. I make no excuses, she beat me. I would like to talk about what I have done here in the UCC. I haven't had much success and I got my tail handed to me on more than one occasion but I have never stopped training and fighting. This one loss will not hold me down.

Question: Let's talk about Sin City Slugfest. You had a bout against Shay Mitchell. What was that all about?

Troian: The truth about this one is that Shay and I have some history. We were once Pretty Little Liars. We have grown up a bit but there is still some animosity between us. When I heard that she had been offered a contract, I offered to give

her an initiation fight that she would never forget.

Question: You did do that, but she gave you a good tussle.

Troian: I never said that Shay was not a good fighter. She is and she proved that she is worthy to be a Lost Wildcat.

Question: Well that just leaves Chloe and Jodie. Trouble seems to follow you two, and Jodie you are new here but you have jumped right in there.

Jodie Sweetin: I am not afraid of a good fight. I have looked forward to joining this stable if only to team with Chloe. We think alike and we fear no one.

Chloe Moretz: It's good to have you with us Jodie. We can teach one another many things so I look forward to watching one another's backs.

Question: You both won your matches in Singapore but the big news for us has been the Sin City Slugfest. Jodie, you have been involved in a couple of scrums already.

Jodie: No problem. The latest situation happened during Sasha Banks match. Things got pretty heated and I didn't think that the referee was paying attention and allowed our girl to take some unnecessary punishment.

Question: That referee was Drew Barrymore and she is a very qualified referee.

Jodie: Well she stepped on the wrong toes, it's a shame that she is not a fighter here in the UCC because I would challenge her to a fight anywhere and anytime.

Chloe: Calm down Jodie it's all okay and it's over.

Jodie: You are right Chloe, because Stephanie McMahon pushed her luck as well and Stacy will take care of her.

Chloe: That's true. Just watch your step around Drew because she can be in a bad situation if you are not careful.

Jodie: That's why I have friends like you Chloe. You watch my back and I will watch your back.

The two friends shake hands and turn to walk back to the gym.

Question: Well I guess that's all for now it's getting late and most of the girls have already left so we are going to sign off for now. Wait, we just saw Chloe and Jodie walk into the training facility and the lights just went down. We should check on them and make sure nothing happened.

The interviewer walks towards the door and looks through the glass unable to see anything. The door is locked so they cannot enter. Just as they are about to walk away the lights reappear and Chloe and Jodie are both laid out in the middle of the hallway. We make a few calls and someone from the team shows up to check on Chloe and Jodie.

What happened to Chloe and Jodie will be discussed later. Good night for now.
