Activities:

Language Arts/Communication and Information Skills

- Create a journal entry about a time you found something and did not know what it was.
- Write about something that you think is a “wonder”.
- Create a poster to advertise the showcase Spider creates for viewing the “wonder”.

Math/Science/Technology

- Research “things” that have fallen out of the sky or were seen in the sky throughout history.
- Research the various insects in the story.

Social Studies/History/Geography

- Plot on a map where “unknown objects” have fallen to earth from the sky.
- Discuss why people have been frightened throughout history when unknown things fell from, or were seen, in the sky.

Art/Music/Drama

- Create your own “thing” that fell from the sky (drawing or 3-D).
- Create and act out a play scenario where you “find” an unknown “thing”.

Enrichment Express

- Play “what’s in the bag” and identify the unknown hidden object.
- Learn how to play marbles.
