Agenda

10:00am (Sharon)	**Welcome/Introductions (Record the call)** ● In the chat, please write your name, organization, and your favorite thing about East Bay
10:05am (Sharon)	**Call Objectives** ● Given that priorities set by the region are intended under SWP, K12 SWP and other funding streams, to drive those investments - provide an update on where the region landed with refreshed priorities; specifically the K14 Pathways priority ● Create space, in silence, for individuals on the call to populate an interest form in preparation for briefly sharing their intentions and needs around submitting a R4 K12 SWP application in hopes of fostering connections offline ● Float the idea of a Template K12 SWP application to ease the burden of applying, inviting candid feedback on the realities associated with this approach

	● Highlight the increased emphasis on Equity in Round 4 and share some valuable resources. ● Share the contact information of the K12 Pathway Coordinators supporting your service area and respective community college ● Remind the group about the date and purpose of the next bi-weekly K14 Pathways call

10:10 am
(Rock)
	Regional Priorities Overview
	Update on where the region landed with refreshed priorities
	● Final 7 Regional Priorities
	● K-14 Pathways
	    ○ What does this mean for the region?
	    ○ For K12 LEAs, is there alignment with your priorities?

10:20 am (Sharon)	**Interest survey -** please take 5 minutes in silence to complete the form below! ● Community college & other partners interest survey ● K12 interest survey **NOTES:** This survey will be published for future use to allow for collecting additional feedback and presented in a manner in which anyone can see the results and reach out to discuss potential partnerships.

10:25am
(Don)
	Round Robin: 60 Second Shout Outs
	
	1. Remind us of your name/organization
	
	2. Will you be submitting a R4 K12 SWP application?
	
	    a. If YES, what pathway(s) are you focusing on?
	
	    b. If NO, are you interested in *partnering* on a specific pathway?
	
	3. Do you have all the partners you hope for (who is missing that you would like at the table)?
	
	--- 	
	
	Discussion Notes
	
	Heather Fontanilla - Yes, submitting with Contra Costa COE focused on culinary, and building trades. Submitting 1-2 on their own as well. One for drone certification and working with middle schools. Other application builds on

R2 building trades/transportation to alt ed sites. Strong partnerships with LMCand DVC. Could use industry partners.

Rona @ ACOE - Education, DM, Engineering/Design. Reaching out to all CCs in county.

Hillary Ditto - Contra Costa COE/ROP - 3 grants with all LEA partners and partnering with all 3 CCs.

Amy - TriValley ROP - Partnering with LPC and HS districts. Still brainstorming ideas (summer programs, outside school day opportunities, and sectors). Could use industry partners

Community College

Christina Read - Chabot: partnering with ACOE and ROP. Open to partnering with others.

COA- certified nursing asst with OUSD, diesel mechanics/alternative fuels

DVC - work with Contra Costa and interested in reaching alt ed and justice involved youth

Chris Lewis - BCC: involved in the past with ACOE but new clewis@peralta.edu

Denise Moss, Regional CyberCamps & Competitions denise.moss.ed@gmail.com

AIEDU - Ehrik Aldana (AI curriculum, working with Skyline in dual enrollment and certificate) ehrik@aiedu.org

ACWDB - wondering where WDB fits in? Open to partnering - will look into Chabot and COA latoya.reed@acgov.org

National Center for Youth Law - Jacinda Abcarian. Teams of ed liaisons that work in HS in Contra Contra County (foster care) and a few other counties. Work with students on academic counseling, how to advocate for themselves

jabcarian@youthlaw.org https://foster-ed.org/demonstration-sites/

Dawn Fregosa - Collaborative Education Advisors - work with CTE programs across US, want to support K14 pathways

Nanette Solvason - RD for Health. Wants to reach out to K12 partners regarding health and strategize, solvasonnanette@fhda.edu

If interested in any Biotech support, please let me know: Jsette@ohlone.edu, Regional Director for Life Sciences/Biotechnology.

Pam Gutman - Advanced Transportation. Programs for K12 - switch car $60k for project based learning

Denise Moss - Summer Cybercamps, could link to HS computer pathways with camps, denise.moss.ed@gmail.com

10:55am (Rock)	**K14 Pathways Regional Priority / K12 SWP Application Template Initiative** ● Round 4 K12 SWP Co-investment Strategy ● K14 Regional Joint Venture (Rock) **Discussion Notes:**
11:05am (Chris)	COE Data Tools & Guides (COE) ● Presentation K14 Bi-Weekly Recording (4:52 time stamp) ● Demand Table (CC data) - (25:46 time stamp) ● Bay Area K12 CTE Inventory - (K12) - (29:09 time stamp) ● College CTE Program Priorities Dashboard Colleges indicated which CTE programs seemed particularly important to prioritize. May be useful if you wish to see which programs colleges you may wish to partner with have prioritized.

2:25pm (Sharon)	**Round Robin: 60 Second Shout Outs** 4. Remind us of your name/organization 5. Will you be submitting a R4 K12 SWP application? 　a. If YES, what pathway(s) are you focusing on? 　b. If NO, are you interested in *partnering* on a specific pathway? 6. Do you have all the partners you hope for (who is missing that you would like at the table)? --- **Discussion Notes** **K12 Feedback** **Jesse Madsen - MCOE.** Lead agency on the grant in Marin. Losing team due to COVID reassignments. The staff time tomanage is taking away from accomplishing the grant objectives. Planning to apply. No need for new

partners at this time as all likely partners are already participating. **Gloria Mora** - new member to the team.

Gillie Miller - NAPA COE. Doug is fairly new at the CC. Creating a summer work experience program attached to the pathways. Supporting local workforce. Marketing pathways to ALL students, parents and community members - working with Counselors. Provide more career counseling in the CTE pathways regarding the local LMI - opportunities and compensation. A general approach. Supporting all CTE students and she has all of her partners at the table now. Prepare the students to go out and enroll in the NVC and get college credit - a major bridging best practice. Work experience teacher works with them during the summer program

Wendy Swanson - Sonoma Valley Unified. - Barrier so close to the beginning of the year. So timing is difficult due to COVID and the start of the school year. Not sure what the needs are right now. Likes the summer work experience program - similar to the Napa program. SCOE had a R2 grant to develop an internship program. May be reapplying to continue out for another year or so.

Kelly Birch - Solano County building on the previous two rounds 1 college and career specialist to develop WBL. Serving all six districts. R2 building more articulations (7). Now more pathways are interested in building articulations. WOuld like to fund 2 additional C& C specialists for all six districts and WBL. focusing on pathways that can articulate to Solano College. To do the higher level WBL. Job shadows and pre-apprenticeships. Visitation days HS pathways to the CC pathways to see whats happening there. CCs have a HS outreach person and want to have her visit the schools more often. Difficulty might be finding the Match at the district level. Partnerships are great. Lot's of excitement.

RDs

Mark Martin - Adv Manufacturing, markmartin@peralta.edu

Spoke with the CTE Foundation. 40 companies looking for 600 positions. Only 90 ppl showed up. Need to market these opportunities. Dan Sunia considering a Manufacturing Product Development Apprenticeship program.

Nanette Solvason - Healthcare Reach out to her to strategize on how best to connect with the CC Healthcare directors at the CCs

Partners

Denise Moss - Cyber camps. Hired a number of HS students to do virtual camps. Made for a great work experience opportunity. Science club students who were mostly all participants. Paid a stipend and had a student support tutor in the camps. Still think the virtual component will continue. Figuring out how to get back into person. Needs a lead agency to support the application and reporting requirements. denise.moss.ed@gmail.com

Elizabeth Doggett - BABEC - Biotech pathways at the HS level. Interested in district and county office level collaborations. elizabeth@babec.org

	Colleges **Katheryn Horton - College of Marin.** MCOE is an ongoing partnership. Very well connected. Focusing on their pathway mapping. Provide more guidance at the CC and understand the needs at the HS. R4 proposal will pay to provide pathway counselors in the high school. Happy to work with other districts to support their partnership approaches. **Doug Marriott** - Senior Dean of Career Education Workforce development at Napa Valley College

Discussion Notes

Jefferson Union HSD - not sure if applying. Match is a barrier!!! Can we change the match guidelines?! Or use CTEIG as match?!

SFUSD - definitely applying, Pre-educator pathway, Public Service - Fire Science, Public Law and Public Health; General WBL or Urban Ag. Recent green presentation inspired thinking in that direction

Bay Area Bioscience Education Community BABEC - Have developed an integrated pathway with Dual Enrollment built in - teaching a DE class at Skyline. Observation that knowing where to fit in with all of this is not easy - perhaps discussion to follow?

San Mateo COE - definitely applying as a consortium, Urban Ag, Education, Digital Media & Entrepreneurship. Would LOVE to partner with SMCCD colleges and CCSF on this!

Life Learning Academy, Public Charter School, mostly SF and San Mateo counties. Plan to apply. CHW/Healthcare program at CCSF, Hospitality & Tourism Management in partnership with Skyline. Partnership with Northern California Carpenters union? In the past have partnered with Merritt and Chabot, welcome partnering with them again. Serve students who have experienced profound school failure. 100% students who experience persistent trauma. Overwhelmingly students of color. Have a housing program whereby students live on campus for free (Treasure Island location).

BABEC would love to connect with JUHSD and SMCOE. Reach out to Ying-Tsu as interested

CCSF - work closely with SFUSD, have partnered on previous 3 rounds, looking to do the same with round 4

Skyline - Continue to expand DE partnerships across San Mateo County. Looking to onboard 1500 students this semester? Launching a fall marketing campaign tied to pathways with built in social channels, including information about the Promise Program. Amazing partners in place.

Regional Cybercamps and Competitions - have regional funding that serves all colleges in the Bay Area, hosted at Diablo Valley College. Recently successful with an NSF grant. If you are interested in Cybercamps and competitions reach out to Denise - our funding can help with match!!!

Education Pathway partnership working to increase apprenticeship between CCSF and SFUSD. Also an apprenticeship program being led by Skyline and with SMCCD partners. Contact Kathleen around Education interests and/or Apprenticeship. RJV support for this work

12:55pm (Rock)	**K14 Pathways Regional Priority / K12 SWP Application Template Initiative** ● Round 4 K12 SWP Co-investment Strategy ● K14 Regional Joint Venture (Rock) **Discussion Notes:** Great potential in Dual Enrollment as has been discussed… Current CTE pathways currently are missing a big group of students, those that are reflected in the data Rock showed Its more than just colleges and local high schools signing on, there is a lot of internal work that needs to be done prior to attempting to scale the model Mechanical issue in that the K12 SWP $ goes to LEAs and cannot be distributed to colleges Consider a first stage / phase application to be followed with a phase II? Sounds like an NSF-ATE grant
1:05pm (COE)	COE Data Tools & Guides (COE) Chris Lee - culee@ccsf.edu ● Presentation K14 Bi-Weekly Recording (4:52 time stamp) ● Demand Table (CC data) - (25:46 time stamp) ● Bay Area K12 CTE Inventory - (K12) - (29:09 time stamp) ● College CTE Program Priorities Dashboard Colleges indicated which CTE programs seemed particularly important to prioritize. May be useful if you wish to see which programs colleges you may wish to partner with have prioritized.

Discussion Notes

PVUSD is excited to partner with Cabrillo, Biotech, Programming, Sustainable Ag. Potential 2nd engineering pathway application. Exploration is going well.

Mission Trails ROP - Not sure if applying. School districts challenged it with reopening. Students coming with new challenges, social/emotional, safety. Very short staffed making it difficult to focus on the work. Shortages at many levels. Business offices grappling with the financial, compliance and reporting requirements of previous 2 rounds of grants. Don't feel like I have enough information yet on emerging sectors for this round. Still strategizing approach. At capacity.

San Benito HSD - Applying in partnership with Modesto Junior CC (not part of BACCC) in Ag and Animal Science. SUHSD has an animal care pathway. Courses are A-G approved and happy to share. Partnering with Cabrillo on Culinary and working with Hartnell on Auto, and working on partnering with MPC

As an **Monterey Adult Ed** partner still hard to figure out where we fit in; echoing the capacity comments shared earlier

Cabrillo College - working with K12 partners as Julie described. Working with our County Office of Ed as well. Deeply entrenched in the K14 pathways work

Monterey Peninsula College - have reached out to all of our K12 partners and Adult Ed consortium. Not sure exactly which grants are underway would need to check in with others on the campus. Looking at Medical Assistant pre-apprenticeship right now at the college level only. Christian Smith

Monterey County WDB - already partner a lot with partners here but if anyone is interested in partnering with us, let us know

Offers of help from Regional Directors in Health and Advanced Manufacturing. Reach out to Nanette and Mark as applicable.

Collaborative partnerships between WDB, K12 and CCs - Explore possibilities.

Articulations are only good at the College the agreement is with. Those credits never transfer to another institution. So students often have to retake course if they transfer. Dual Enrollment credits do transfer.

How to address K14 when the grant only goes to age 18? We have a 18-24 year old school, but can't use the funding for the CTE with this grant.

18+ High schoolers: Disabilities, 5th year, etc. Can the K12 SWP funding support this population?

Wondering if **Collaborative Partners** who serve students over the age of 18 can be used as Match? RFA page 14 says they can provide industry expertise, staff, access to equipment, and/or WBL experiences.

K12 SWP Subregional Meeting
SILICON VALLEY

Friday, September 10, 2021
10 - 11:30am

https://cccconfer.zoom.us/j/941909194
Meeting ID: 941 9091 9449

Agenda

10:00am (Don)	**Welcome/Introductions (Record the call)** ● In the chat, please write your name, organization, and your favorite thing about Silicon Valley
10:05am (Don)	**Call Objectives** ● Given that priorities set by the region are intended under SWP, K12 SWP and other funding streams, to drive those investments - provide an update on where the region landed with refreshed priorities; specifically the K14 Pathways priority ● Create space, in silence, for individuals on the call to populate an interest form in preparation for briefly sharing their intentions and needs around submitting a R4 K12 SWP application in hopes of fostering connections offline ● Float the idea of a Template K12 SWP application to ease the burden of applying, inviting candid feedback on the realities associated with this approach ● Highlight the increased emphasis on Equity in Round 4 and share some valuable resources. ● Share the contact information of the K12 Pathway Coordinators supporting your service area and respective community college ● Remind the group about the date and purpose of the next bi-weekly K14 Pathways call
10:10 am (Rock)	**Regional Priorities Overview** Update on where the region landed with refreshed priorities ● Final 7 Regional Priorities ● K-14 Pathways 　○ What does this mean for the region?

	○ For K12 LEAs, is there alignment with your priorities?
10:20 am (Sharon)	**Interest survey -** please take 5 minutes in silence to complete the form below! ● [Community college & other partners interest survey](#) ● [K12 interest survey](#) **NOTES:** This survey will be published for future use to allow for collecting additional feedback and presented in a manner in which anyone can see the results and reach out to discuss potential partnerships.

10:25am (Don)	**Round Robin: 60 Second Shout Outs**
	
	13. Remind us of your name/organization
	
	14. Will you be submitting a R4 K12 SWP application?
	
	   a. If YES, what pathway(s) are you focusing on?
	
	   b. If NO, are you interested in *partnering* on a specific pathway?
	
	15. Do you have all the partners you hope for (who is missing that you would like at the table)?
	
	--- 	
	
	Feedback
	
	Lori Riehl FUSHD Adult School- Not applying this round
	
	● Health careers
	● Early Childhood Education
	● Office Tech for ESL (secret dream!) need teachers
	
	Joell Hanson
	
	● 4 districts, continuing R2-3 (Gilroy, Campbell, Santa Clara, FUHSD,
	● MVLA, alt ed)
	● Focus: WBL, College/Career Exploration - covers all pathways
	
	Jeong Choe - PAUSD, not applying now but will for R5
	
	● Multiple pathway support
	
	Brenda Childers, Eastside Union HSD - looking for college partners!!!
	
	Julie Carriere - SBHSD will apply
	
	● Equity and Equal Access
	● Focusing on Ag - WBL

	Mission College looking to partner, reach out!!!!

10:55am (Rock)	**K14 Pathways Regional Priority / K12 SWP Application Template Initiative**
	
	● Round 4 K12 SWP Co-investment Strategy
	
	    ● [K14 Regional Joint Venture](#) (Rock)
	
	● Discussion
	
	    ● Dual Enrollment?
	
	        ○ Gavilan has a ½ time person working on this, enrollments are so late that the classes get cancelled before we can run them (classes get cancelled if enrollments don't meet minimum enrollments)
	
	        ○ The Bell Schedule!!!!
	
	        ○ Different teaching requirements between the two systems
	
	        ○ Evergreen has a strong model to address the different teaching requirements (K12 / CC co-teaching model) - could this be more broadly applied?
	
	    ● Potential resources to fund a K12 dedicated staff on college campuses to address bandwidth issues that preclude deep engagement?
	
	    ● Pre-apprenticeships at the K12 level that lead to the CC level?
	
	    ● Araceli Maupin (Salinas Adult School) - very interested in establishing pre-apprenticeships. Adult students need a way to get into good paying positions and that would be one way.
	
	    ● A policy based K12 SWP application that clearly outlines the top barriers and then engages K12 and college leadership in addressing these barriers?

11:05am (COE)	[COE Data Tools & Guides](#) (COE) ● [Presentation K14 Bi-Weekly Recording](#)(4:52 time stamp) ● [Demand Table](#)(CC data) - (25:46 time stamp) ● [Bay Area K12 CTE Inventory](#) - (K12) - (29:09 time stamp) ● [College CTE Program Priorities Dashboard](#) Colleges indicated which CTE programs seemed particularly important to prioritize.
