

Update On Betty's Surgery

Dear Family and Friends:

Most of you know our friend, Betty, who recently went in for a surgical procedure.

It was for a Butt Lift at the WalMart Medical Center .

She didn't have the most pleasant experience.

She should've left well enough alone

I wanted to show you how it turned out.

I hope this keeps YOU from having this done.

PLEASE, PLEASE, PLEASE . . Don't get a Butt Lift at the WalMart Medical Center .

You will most certainly regret it!!!
