

Hello Everyone! We are excited to announce our next project, and a few changes in how we're approaching it!

First things first, our next zine will be general belly-kink focused instead of mpreg exclusive! That means weight gain, stuffing, inflation, and vore of any gender may also be present.

Secondly, we are opening up submissions to anyone who wants to participate! If you draw, write, or otherwise create for any of the above kinks, you're welcome to submit a piece to be featured in the final product (see submission rules here).

We recognize that many people will only be interested in seeing one or two of these kinks, and for that reason we will be selling versions of the zine which contain exclusively one kink at a reduced price so that you may enjoy the contributions and support a charity without being exposed to anything that makes you uncomfortable. Furthermore, in the larger zine, works will be organized by kink so that you may skip chapters that don't interest you.

As for the project itself, the theme is *historical fiction*, anything featuring a character/kink scenario in any time period prior to 1950 is welcome. All proceeds will go towards e-sims for Gaza (unless the blockade is lifted, in which case we may opt for food-aid instead). Prices tbd based on the number of pieces in the final product. The release date will be mid-October.

We look forward to working with you!
