Re: Sargent Ranch Quarry, Environmental Impact Report, SCH # 2016072058

Dear Mr. Salisbury:

[*On behalf of Group Name / as a concerned resident of ____,*] I am writing to submit comments on the draft Environmental Impact Report for the proposed Sargent Ranch Quarry Project. [Describe your organization if any, and any personal qualifications or associations that may be relevant to your review of the DEIR].

I have serious concerns regarding the proposed project's significant and unavoidable impacts on cultural and biological resources, [and/or specific aspects of the Draft Environmental Impact Report].

My specific concerns are as follows: (add headings and individual paragraphs outlining specific topics/sections of concern in the DEIR)

- Section heading: concern
- Section heading: concern

[Example paragraphs below — rewrite with your own words:]

I urge the County to reject the conditional use permit for Sargent Ranch Quarry in consideration of the significant impacts to the environment and tribal cultural resources that would result from the proposed project, and from **all of the alternative projects identified in the EIR**. Considering the magnitude and wide scope of impacts and the minimal public benefit that would be afforded by the proposed mine, the “No Project Alternative” is the only acceptable course of action.

It is clear that any mining operation developed at Juristac would cause irrevocable ecological, cultural and spiritual harm to this sacred landscape that is of great significance to the Amah Mutsun Tribal Band and to the concerned public.

Thank you for the opportunity to provide comments on this project. Please feel free to contact me with any questions.

Sincerely,

Name

Role, Organization/Institution (if any)
