

Lexington County EMS 360 Video Activity Answer Key

Directions: While watching the video, complete the following questions and activities. For questions 1 - 4, answer the questions in the space provided. For question 5, match the paramedic equipment with its role by writing the letter in blank before each term. Submit to your teacher when finished.

1. Why do you think that Lisa Dawkins refer to the ambulance as her “office?”

Answers may vary.

2. What is the purpose of the jump bag?

Answer: It contains items used to take care of patients before they are taken to the hospital.

3. What is the purpose of the explorer program at Lexington County?

Answer: The purpose is to learn more about becoming an EMT, explore the ambulance, and ride with EMTs and paramedics on calls

4. Go to

<https://lex-co.sc.gov/departments/public-safety/emergency-medical-services/public-information-education-resources>. Write 3 facts about how to participate in the explorer program.

Answer: Check the students’ responses based on the website. (This questions can be changed if a similar program is available for your school district and county)

5. Write the letter of the description/purpose that matches the paramedic equipment in the blank before each term.

Paramedic Equipment	Description/Purpose
_b__ Monitor	a. Stabilize a patient’s airway and give oxygen and breathing treatments
_e__ Burn Sheets	b. Check heart conditions
_a__ Airway Components	c. Communicate with dispatch the type and location of each call
_f__ Trauma and Triage Kits	d. Stabilize a patient in an event of car accident
_g__ OB Kits	e. Treat burn victims
_d__ Splint Kits	f. Treat patients in an event of a mass casualty situation

c Computer	g. Help deliver babies
