Look at the list in slide view and decide (write if needed) which words you do not know the meaning of, do not know how to spell, or could not use the words in a sentence. Look at words in the heading and in the list.

Continuing with the Myon book:

Problem

Setting
(& Illustrations)

~ Tool 4 ~

In the beginning of the story, we also learn where and when the story takes place. This is called the **SETTING**.

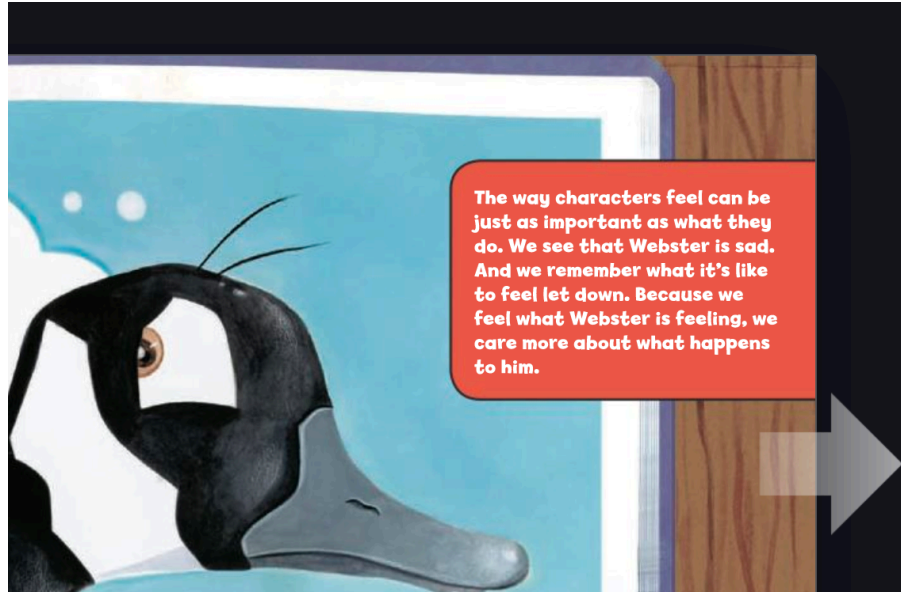

~ Tool 5 ~

In a picture book, the **ILLUSTRATIONS** will tell part of the story. For example, the setting for *Webster's Wish* is the outdoors, on the ground and in the sky, over a stretch of warm, nearly cloudless days. The words of the story don't tell us this. The illustrations show us.
