

# **RAC Parent Mentorship Initiative**

## **Who**

- Senior/National Parents or RAC Veteran Parents (those who have had a swimmer graduate but may have younger swimmers)
- New Swim Parents (to the program or the sport). Development / Age Group

## **What**

- Matching RAC parents with years of experience having a kid in the program with a new RAC parent that does not have prior experience with the USA Swimming Program

## **Why**

- The RAC Coaching Staff believes this is an excellent opportunity to grow the relationship between the Senior, Age Group & Development Program further.
- Experienced families can share their experience going through the program, whether it's the practices, meets, or other RAC Events.

## **How**

- RAC Staff will match up an experienced parent with a new parent

Suppose you are interested in the program. Please reach out to [Coach Emmanuel](#).
