What does this event offer?

Swimmers grades 9-12

This is your chance to get on the coaches radar! You will participate in team building, dry land, swim practice including relays, and breakout educational sessions. We know your season is just starting, please don't worry about not being in top swim shape! Swim sets are for showing technique and practice habits. It's a great opportunity to show how you adjust to new coaches, new drills, and a willingness to try new things, leadership skills, work ethic, potential to each coach, show your enthusiasm, and team support.

The breakout sessions (for swimmers and parents) will include a discussion with Tracy on a look at what freshman year to freshman year might look like, guest speaker (TBD), and coaches panel on the recruiting process. You will hear from the college coaches what to expect. There will be a Q&A following. These questions may only be general questions, not specific to the coaches univ.

Prior to the meet and greet session the freshman and sophomore will be dismissed. Be sure to pick up your informational packets provided by the attending college coaches as the registration table.

Juniors and seniors will take part in the **meet and greet** session with college coaches. This is your opportunity to speak directly to coaches one on one. Feel free to bring a resume.
