

Privacy Policy for EyeGuard Kids

Last Updated: February 24, 2026

1. Introduction EyeGuard Kids ("we," "our," or "us") is committed to protecting your privacy and the privacy of your children. This Privacy Policy explains how our application handles information when you use our service.

2. Permissions and Data Usage Our application requires specific sensitive permissions to function. We follow a strict "No-Data-Collection" policy:

- **Camera Access:** We use the camera solely for real-time face detection to calculate the distance between the user's face and the screen.
 - **Privacy Guarantee:** We **do not** record, save, or transmit any images or video. All processing happens locally on your device in real-time and is discarded immediately.
- **System Overlay (Display over other apps):** We use this to display a protective black screen when a child is too close to the device.
- **Device Administrator (Optional):** If enabled by the parent, this is used only to prevent unauthorized uninstallation of the app by the child.

3. Data Collection and Sharing

- **Personal Data:** We do not collect names, email addresses, or phone numbers.
- **Third-Party Advertising:** We use Google AdMob to display advertisements. AdMob may collect pseudonymous identifiers (like Android Advertising ID) to show relevant ads. Please refer to [Google's Privacy Policy](#) for more details.
- **No Cloud Storage:** Since all face detection is done locally via Google ML Kit, no biometric data ever leaves your device.

4. Children's Privacy (COPPA Compliance) This app is designed for use by children under the supervision of parents. Because we do not collect, store, or share any personal information from the child, we are in compliance with the Children's Online Privacy Protection Act (COPPA).

5. Your Consent By using EyeGuard Kids, you consent to our use of the camera for the purpose of distance monitoring as described in this policy.

6. Contact Us If you have any questions regarding this privacy policy, you may contact us at: [haiderali04071985@gmail.com]
