The Stoic Fellowship

Welcome to History in the Making

"From Sparks to a Flame"

The mission of the Stoic Fellowship is to help BUILD, FOSTER, and CONNECT communities of Stoics around the world.

With the Stoic Pioneer Program, every member of the community has an opportunity to make a lasting contribution and to share the story of their Stoic journey.

Both aspects of the program were created with the future in mind.

****All Donations** (100%) become part of the Phoenix Fund, an endowment whose principle cannot be spent and whose proceeds are dedicated exclusively to operating costs and supporting The Stoic Fellowship's mission.

****All Stories Collected** record your Stoic journey as an example and inspiration for Stoics today and in the future. These stories will be collected and published in a "Stoic Pioneer's Book" at the end of the program in early 2022.

With your help, we'll make the Stoic Fellowship more financially self-sufficient and assemble our collective story to share with the world and posterity.
