Summer Goals

- Start senior year with Common Application (the general information sent to all colleges), STARS (if applicable), and main essay completed as well as rough drafts started for supplemental essays for early deadlines.
- Start senior year with a near finalized *shortlist* in CIALFO for Counselor to give new categorizations —this includes knowing application, financial aid, and scholarships requirements and deadlines for each of your schools.
- Have a completed student resume (with summer additions).
- Start senior year having visited as many schools on your list as possible and consider second visits for the fall (interviews, sitting in on classes, specialized programs, talking with professors, meeting with others that will be influential to your success, etc.).
- Be prepared to start off senior year on the right foot in terms of academics (this includes your summer work)—to hopefully allow you the opportunity to share strong first quarter grades with colleges.
- Spend plenty of time relaxing and enjoying friends and family!
