Terms of Service

Cryostasia Artworks

Terms of Service

Please **read carefully** prior to commissioning, as you automatically agree to all these terms once you provide the first form of payment. Thank you!

- I accept USD with Paypal!
- I require 50%/half of the commission upfront before I start the sketch process, and the rest after the sketch is approved. I will NOT start further on the commission until it is fully paid. I can take full payment upfront though, too, but I usually prefer the 50/50 method.
- No refunds once the sketch has been made. If I have not started at all on the sketch and you decide you want a refund, I will refund what you paid. No refunds after the sketch has been approved unless I am unable to continue your comm for whatever reason, to which you will be notified ASAP.
- Commissions may take a while. I am also a college student with responsibilities. Please be understanding and courteous of this when commissioning. You will be provided WIPs & communication as often as possible!
- Turn around times are 1 week to 3 months depending upon my current life situation and workload. In some cases, it may take longer, though you will be notified if this is the case.
- You may not use ANY of my artwork or characters for financial or commercial gain! You may not use my art for AI training, algorithms, NFTs, or mass production.
- I have the right to refuse any commission or commissioner, and I am not obligated to provide reasoning, though I usually do.
- I do not offer deadlines or rush commissions at this time. Please do not commission me if you need art with a deadline.
- I do not work with those under 13 years of age, regardless if you have parental permission or not.
- Any Orders over \$100, I will be using Paypal Invoice for you to pay. This is so we're both protected!
- My Terms of Service are subject to change, be added to, etc. at any point in time.
- Any Orders over \$40 may receive ONE free oc from <https://toyhou.se/cryostasia/characters/folder:5910161> as a freebie,. If you so choose!
