

- (WILL BE UPDATED UPON RESOLVE)
- D.O.D - April 27, approx. 10P.M.
- P.O.D - 835 East 52nd Street North
- C.O.D - Shooting
- Victim - Antwan Washington (46 years old)
- Suspect(s) - Mar'Quice West (16 years old) [**shooter**], Decorian Coleman (19 years old) [**victim's cousin**], Contu Everett (19 years old)
- Details - Preliminary info is that Antwan Washington was hosting a small house party / social gathering at his residence when he was fatally shot in the home. Washington died of his injuries at a hospital. Before the shooting, a group of at least 6 people entered Washington's home and jumped him, severely assaulting him. It is unclear whether the party was taking place at this time or if police mistook info about the group going into the home for info suggesting there was a gathering at the residence. At least 3 of these people, all teens, have been identified and arrested - they are Decorian Coleman, 19, Contu "Tu" Everett, 19, and Mar'Quice West, 16. Coleman was a cousin of the victim, and West was the shooter. Apparently, the group stole Washington's carkeys after the fight, driving away in the vehicle. Sometime later that night, Coleman and West returned to the home to continue the fight. This time, West was armed with a rifle, and they shot Washington in the stomach before leaving him dead in his home.
