### 3. **OU Engineering Days**

- a. Engineering Days are a set of one-day summer camps, broken down by specific academic majors, taught by OU Engineering faculty. These camps are a way for rising high school juniors and seniors to experience what OU Engineering has to offer on-campus. Each camp is highly collaborative and will allow for students to gain an insight into what an engineering student does.
  - Exploratory Engineering: June 4
  - Biomedical Engineering: June 5
  - Electrical and Computer Engineering: June 6
  - Aerospace Engineering: June 7
  - Environmental Engineering/Science Engineering: June 12
  - Civil and Architectural Engineering: June 13
  - Mechanical Engineering: June 20

- Chemical Engineering: June 21
  - Industrial and Systems Physics: June 26
  - Engineering Physics: June 27
- b. Submit the OU Engineering Day application by April 30, 2025

4. **OU Esports Summer Camps** (*Summer 2025*)

- a. OU Esports Camps programming is designed to cater to various audiences, exclusively tailored for competitive players. Led by coaches and captains from our official OU teams, our camps aim to develop competitive players and enhance their skill sets through mentorship and performance enhancement. Drawing from our active developments, our team comprises vetted upperclassmen, alumni, and ECCI employees, ensuring a diverse range of expertise and mentorship. We offer a comprehensive curriculum covering gameplay mechanics, teamwork, and leadership skills, providing impactful opportunities for potential recruits to OU and the next generation of Sooners. Our camps prioritize creating a positive and inclusive learning environment where every camper feels supported and motivated to excel.

In-person and virtual programs and dates to be announced.

For questions or concerns, contact [esports@ou.edu](mailto:esports@ou.edu).

5. **OU Health Sciences Campus Discovery Day** (*June 26, 2025*)

- a. The 2025 Discovery Day program is designed to showcase all that the University of Oklahoma Health has to offer. Discovery Day will be on Thursday, June 26, 2025 from 8 a.m. to 5 p.m. Crafted for high school students, Discovery Day will provide guidance towards a professional career in the health sciences.
- b. By attending Discovery Day, students will be able to articulate action steps needed to pursue a career in the health sciences, given the chance to explore educational opportunities in depth, and foster connections with like-minded individuals. Students will participate in presentations from The University of

Oklahoma Health's Recruitment & Admissions team as well as the OU Norman Campus' Office of Admissions & Recruitment.

Applications open on April 1, 2025!

9. **Oklahoma School of Science and Mathematics:** (middle school)

- a. The OSSM/William Company One-Day Math Workshops for **Middle School** Students

OSSM hosts individual one-day math workshops for students in grades 6, 7, and 8 starting in the summer semester. All workshops are free and include lunch.

Through the free workshops, OSSM faculty and local master teachers will help middle school students prepare for the upcoming school year and learn math through a fun and interactive approach.

The 2025 workshops will be held Mondays through Wednesdays on the following schedule:

- June 9-11
- June 16-18
- June 23-25

For more information, contact Dan Vossen at [dan.vossen@ossm.edu](mailto:dan.vossen@ossm.edu) or 405-522-0913.

10. **Oklahoma School of Science and Mathematics:** (high school)

The OSSM Summer Academies provide a great opportunity for your child to improve their STEM skills during the summer. They participate in exciting week-long STEM classes at Oklahoma's top high school, led by passionate Ph.D. faculty and skilled professionals. Students will attend daytime lessons and enjoy field trips that enhance their understanding and cultural experiences.

The 2025 Academies will be held:

- Session 1: July 13-18
- Session 2: July 20-25

Duration: Sunday, 5 p.m. through Friday, 2 p.m.

Tuition Fee: \$975

Inclusions: – Room and board

#### 11. **Youth Philanthropy Initiative of Oklahoma**

The Youth Philanthropy Initiative (YPI) offers high school students a three-year experiential learning program. **Cohorts of about 25 students are selected to design and implement a community-based intervention, receiving mentorship in leadership and philanthropy.** A core element of YPI is its student-led model, as you will choose your focus issue and take charge of all aspects of your project. The program also encourages community engagement, allowing you to collaborate with local leaders while working on your project.

**Cost:** No cost

**Location:** Tulsa, OK

**Application Deadline:** TBA

**Program Dates:** This is a 3-year program. Students should expect to attend monthly meetings (8 hours/month), committee meetings (1-2 hours/week), and individual assignments (1-2 hours/week)

**Eligibility:** High school students

13. Bethany Children's Hospital:

<https://www.bethanychildrens.org/ways-to-give/volunteer-program/high-school/>

The VOLUME Summer Program at Bethany Children's Health Center is a service-based, hands-on learning experience for high school students hoping to pursue careers in healthcare and allied health ( medicine, nursing, respiratory therapy, pharmacy, physical therapy, occupational therapy, speech-language pathology, child life, social work, and so on) or Healthcare Administration degrees or careers.

12. **OKC Zoo Young Curators Program:**

- a. assist Zoo staff with animal and plant care and help educate our guests about conservation and wildlife.
- b. <https://www.okczoo.org/teen-volunteers>
- c. Please contact [mkesler@okczoo.org](mailto:mkesler@okczoo.org) with any additional questions

13. **Bank of America Student Leaders program:**

- a. Eligible students can apply online at [www.bankofamerica.com/studentleaders](http://www.bankofamerica.com/studentleaders) by selecting *Apply Now* when the application opens October 14, 2024. The application will close January 15, 2025.
