Summary

I am 15 years old and live in Larkspur, Colorado. I have two younger brothers and a few pets. In the future I hope to attend college and get a job. Though I still am not 100% sure what exactly I want to be.

Education

Larkspur Elementary School (2007-2014)

From the age of 5 to 12 I attended this school. It was a basic education for small children. Small class size of 30.

Castle Rock Middle School(2014-2016)

I attended 7th and 8th grade here. I graduated with a 4.0 gpa and was on the volleyball team. This was my first time attending a large school.

Castle View High School(2016-2020)

I am still attending this school and currently am on the honor roll.

Previous Experience

Babysitting (2014-)

I have babysat children since I was 12. This has taught me responsibility and the ability to control my temper.

Pet Sitting(2014-)

I pet sit occasionally for mainly dogs. I am allergic to cats so this wasn't the wisest job to take, but it gave me some spending money.

Volunteer Work(2010-)

I have been very involved with my community for as long as I can remember. I enjoy volunteering at the food bank, LES PTO events, and many other things. Volunteering has taught me to be less self centered and that I am very fortunate for my situation.

Hobbies and Interests

During my free time I enjoy spending time with my family and friends, photography, drawing, and being outdoors. In the summertime I love going on vacations with my family, I have been to most of the 50 states. I also enjoy volunteering for many places.

Professional Skills

- Creative
- Good at staying on task
- Good with children
- Good with money
- Good at listening
