Academic Eligibility will be based on end-of-quarter and mid-quarter grades

End-of-Quarter grades: A minimum of 15 school days of ineligibility is required for sports/activities, in seasons other than fall. For quarter grades, the 15-day period begins the day report cards are distributed and extends for the next 15 school days. The Athletic Director will inform the student, his/her parents, and the coach/advisor of the ineligibility and the dates that the student is ineligible to participate in a sport/activity. At that time, the participant may regain his/her eligibility if he/she is now passing all of his/her classes. If the requirement is still not met, the participant will have their grades checked again at mid-quarter.

Mid-quarter grades: A student's grades will be reviewed at mid-quarter. If a student is failing at mid-quarter, they will be ineligible to compete for the next five school days. At that time, grades will be reviewed, and if the student is passing, they regain eligibility. If they are not passing, they will be given another five school days ineligibility period. If at the end of the second five-day period they are passing, they regain eligibility, and if they are not, they are ineligible until the next quarter reporting.

Any student with an **"Incomplete"** in any class at the end of a quarter becomes ineligible for all extra-curricular activities until the work is completed and the student is passing all classes.

Students who are ineligible due to grades may not leave school early or travel with the team to attend a club event or athletic contest. They cannot suit up for the game.
