Whānau and family time

Think of a time when you did something special with your whānau or family.

Write to *recount* that time.

Write about:

- when and where you did something special
- who was with you
- what you did (think about the order you did things)
- how you felt and why you felt this way.

Remember to:

- choose your words carefully
- write in full sentences
- take care with your spelling and punctuation
- give your writing a title if you want to
- check your work: read it through and fix any mistakes you find.
