

Parlla X exe story

It start's a kid named jayden loved computer coding until one day he when't to a flee market an found a sonic the hedgehog 1 cartage with a sega genesis console so he buy it an went home with it so found a way how to figure out how to emulate sonic 1 on his lg pc so he had idea in his head so he unscrew the sonic 1 cartage and inside of it there was a motherboard inside of it so he took it out and it had a usb connector he used a usb cable connected on his pc so the motherboard was connected on his pc he turned on his pc on an open command prompt type in (sonic the hedgehog 1) it emulated the game but jayden was confused that there was to of them called sonic the hedgehog 1 rom sonic the hedgehog 1 dev kit tool so he click the rom an booted up until intro of sonic was still same classic sonic he click E when intro is about to be over it put him into dev kit called debug dev tool so he started making his own level and code experimenting with the texture etc so he left his pc on he when't to sleep but one day a A.I started coding it's self into the game's code rom an made a block called debug corruption so jayden wake up when't back to his pc he's stared having fun with it everything he playing the leves he didn't know this block so put on the level until jayden was shock the first thing the texture's everything changing so he played a level after he beat it something was not right for jayden see's sonic standing there about 3 minute's looked at him it stared communicating him say hey jayden are you still watching im going to trapped you so jayden started freaking out so using the debug crouption to stop it but sonic body started to change his face his mouth started to grow and theet stared coming out his are light red he didn't know what to do so disconnect the usb from the motherboard but it didn't work he had to find to escape slip on water with electric wires he got electrocuted an died his soul is in the game possesed tail's as a vessel sonic body stared having purple x so he named himself Parlla X what he does is that he can use the debug corruption block to torture him with an use's him as puppet control called hand string so that he can torment him the end?

Description of Parlla X

Parlla X

- 1 His an A.I
- 2 origin's came from a sonic 1 rom code
- 3 gender N/A
- 4 like's to tourture jayden and trap's people
- 5 statis active
- 6 fravorite food N/A
- 6 sexuality bisexual polyamorus

- 1 his is no binary
