Where am I?

My friends, my brothers and sisters. If you are reading this, and I am no longer among you, and if there are many who seemingly disappeared from the world, please know that whatever lies the government and ideas of what happened people are coming up with are not true. I do not know what it'll be, aliens? I don't even know what else they could come up with lol.

Just know that if I am gone, our Lord Jesus Christ took me and the others.

You are now in the Tribulation. Please be safe, find what information you can from Scripture. There is a lot of great information on YouTube as well, if that still stands.

It is not yet over. There is time for you to save yourselves and others. But whatever happens **DO NOT TAKE THE MARK**.

I love you, all of you.

- Dock ... Marko
