Culture: Student-Friendly Deep Learning Progression

Manaakitanga is all about making people feel good and cared for. It means being kind, sharing, and treating others with respect. We should be friendly to visitors too.

Dimension	Limited Evidence	Emerging	Developing	Accelerating	Proficient
Manaakitanga: making people feel cared for and respected, being kind.	Sometimes I need help to be nice to others, especially in class and school.	I'm starting to be nicer and make friends in different situations.	I'm getting better at being friendly and caring to others, including visitors at school.	I'm really good at being friendly to everyone, even visitors, and I do it all the time.	People can count on me to be a leader and make visitors and others feel welcome and respected.
