Indoor Air Quality Annual Notification

Inver Grove Heights Schools has an Indoor Air Quality (IAQ) Management Plan. The management plan outlines specific policies and procedures that will be used in the district to address indoor air quality issues. The district reviews their IAQ Management Plan annually to ensure compliance and maintain proper air quality in our buildings.

If you have any questions concerning IAQ, or would like to use the EPA Tools for Schools checklists, please contact the District IAQ coordinator:

Sadia Khatoon

Health and Safety Specialist
