

## Traut Core Knowledge School Decision-Making Matrix

Approved 3/2/2018

### **Purpose**

The purpose of the TCKS Decision-Making Matrix is to meticulously define the role of each member of the TCKS community about decisions and policies of the school. The final authority for the contents and interpretation of the matrix resides with the Site Based Management Council (SBMC). Each decision area is specified with respect to the following categories:

- *Decision-Maker*: Who Should Decide -- which person or group has the final say in a decision area and is ultimately accountable for the decision.
- *Sponsor*: Who Should Recommend -- which person or group will be responsible for recommending a solution.
- *Key Stakeholders*: Solicit Input From -- which person or group will be contacted in order to obtain an opinion or information prior to the decision being made. Inputs are always welcome from anybody, but some need to have their input solicited.
- *Stakeholders*: Who Will Be Informed -- which person or group will be informed of the decision once it is made. The decision-maker is responsible for informing the proper people.
- *Decision-Making Process*: which of the five possible decision-making processes will be followed.

### **Principles**

The following principles should guide the ongoing usage of the Decision-Making Matrix:

- The DMM is a working document, which means it can be refined as needed by the SBMC based on common sense and experience.
- The DMM is a means to provide checks and balances within the school leadership so that decisions are made in a fair partnership.
- The DMM provides for an efficient division of responsibilities within the school.

- The DMM provides opportunity for input from those who are affected by a decision.
- The DMM is intended to provide adequate decision-making steps for each type of decision, allocating more time and process steps for more complex issues to insure the decision-making process is thorough and complete.
- The SBMC should not be doing the work that could more efficiently be delegated to a smaller group.

The Decision-Making Matrix specifies the process for many TCKS decisions; however, it is not and cannot be complete in specifying all decisions that will arise. For decisions not specified in the DMM, a judgment call should be made based on the intent and philosophy recorded in the Covenant, Charter and DMM. If the decision goes to the SBMC, the SBMC Navigation Team (TAB/PAB presidents and vice presidents, and principal) will recommend the process to be used.

## **Summary of the Roles of Various Persons and Groups**

### ***SBMC***

The Site-Based Management Council is the primary policy-making body in TCKS. It is this group that sets the school's goals and improvement strategies, and makes all major site policies. Any authority not mandated by statute or State or District policy either resides with the SBMC or is delegated by the SBMC. In cases of controversy, the SBMC may choose to retain decision-making authority from the groups to whom authority has been delegated. The SBMC consists of the Parent Advisory Board (PAB) and the Teacher Advisory Board (TAB).

### ***PAB***

The PAB consists of seven parents elected by the parent community. Its primary function is being half of the SBMC, but it also has a special role in mentoring and evaluating the principal. Members of the PAB are to serve as advocates for the parents in disputes with staff members.

### ***TAB***

The TAB consists of six teachers plus the principal. Like the PAB, its primary function is as part of the SBMC. The TAB has a unique role in classroom scheduling and planning collaboration days.

### ***Administration (Principal)***

The principal is responsible for the day-to-day operation of the school and has the final say in matters of personnel hiring and evaluations, in accordance with PSD policy. The principal works with the faculty on the utilization of textbooks and classroom materials.

### ***Teachers***

Teachers decide how to use textbooks and classroom supplies, elect the TAB, and are represented on various committees.

### ***Faculty (all school staff)***

The staff decides teaching strategies, their own classroom organization, and have input into all major policy decisions.

***Parents***

Parents elect the PAB, are represented on committees, and have input into all major policy decisions.

***Committees***

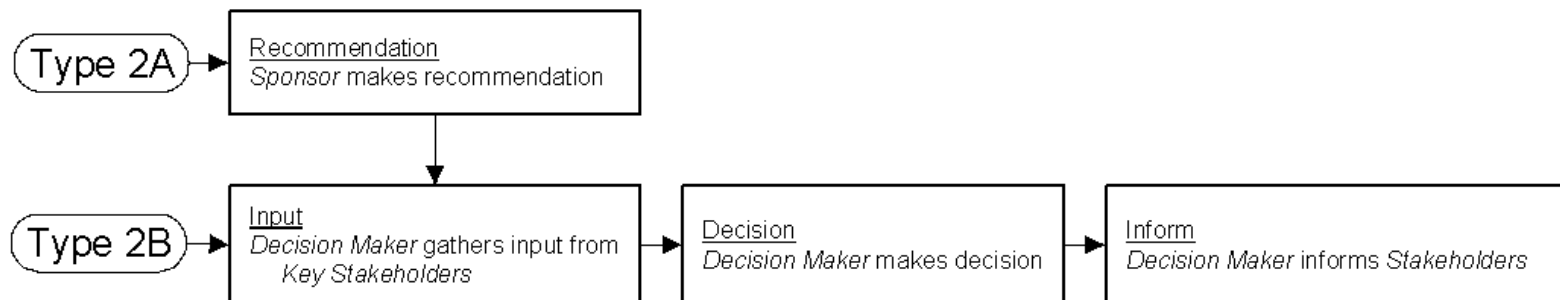

The various committees in the school are responsible for making the final recommendation on their relevant policies or personnel items.

## Type 1 & 2 Non-Policy Decision Process

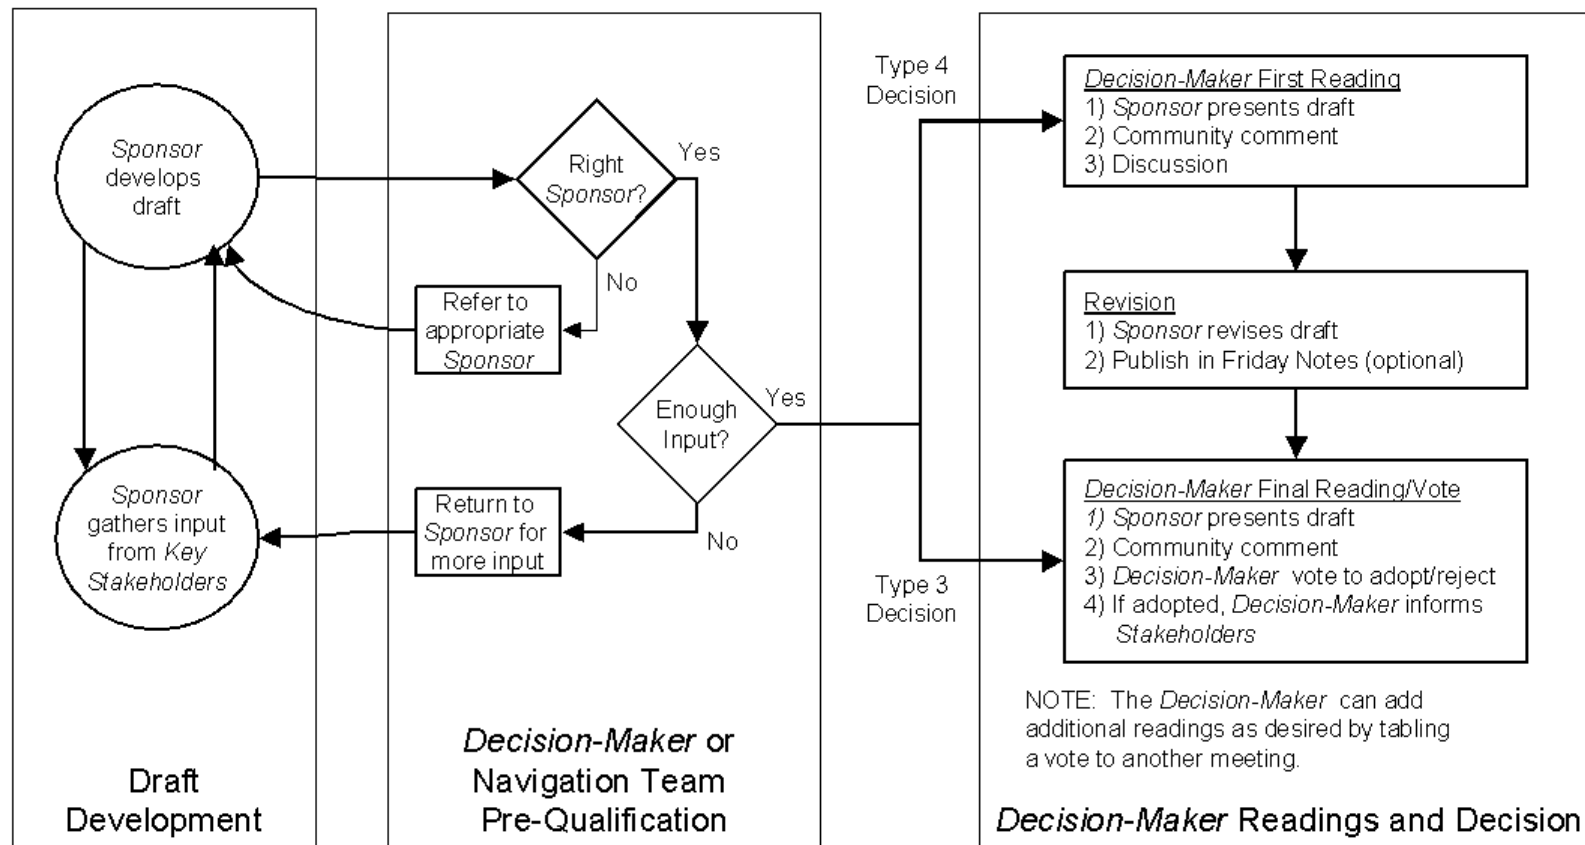

### Type 1 Decision: (Direct Decisions)

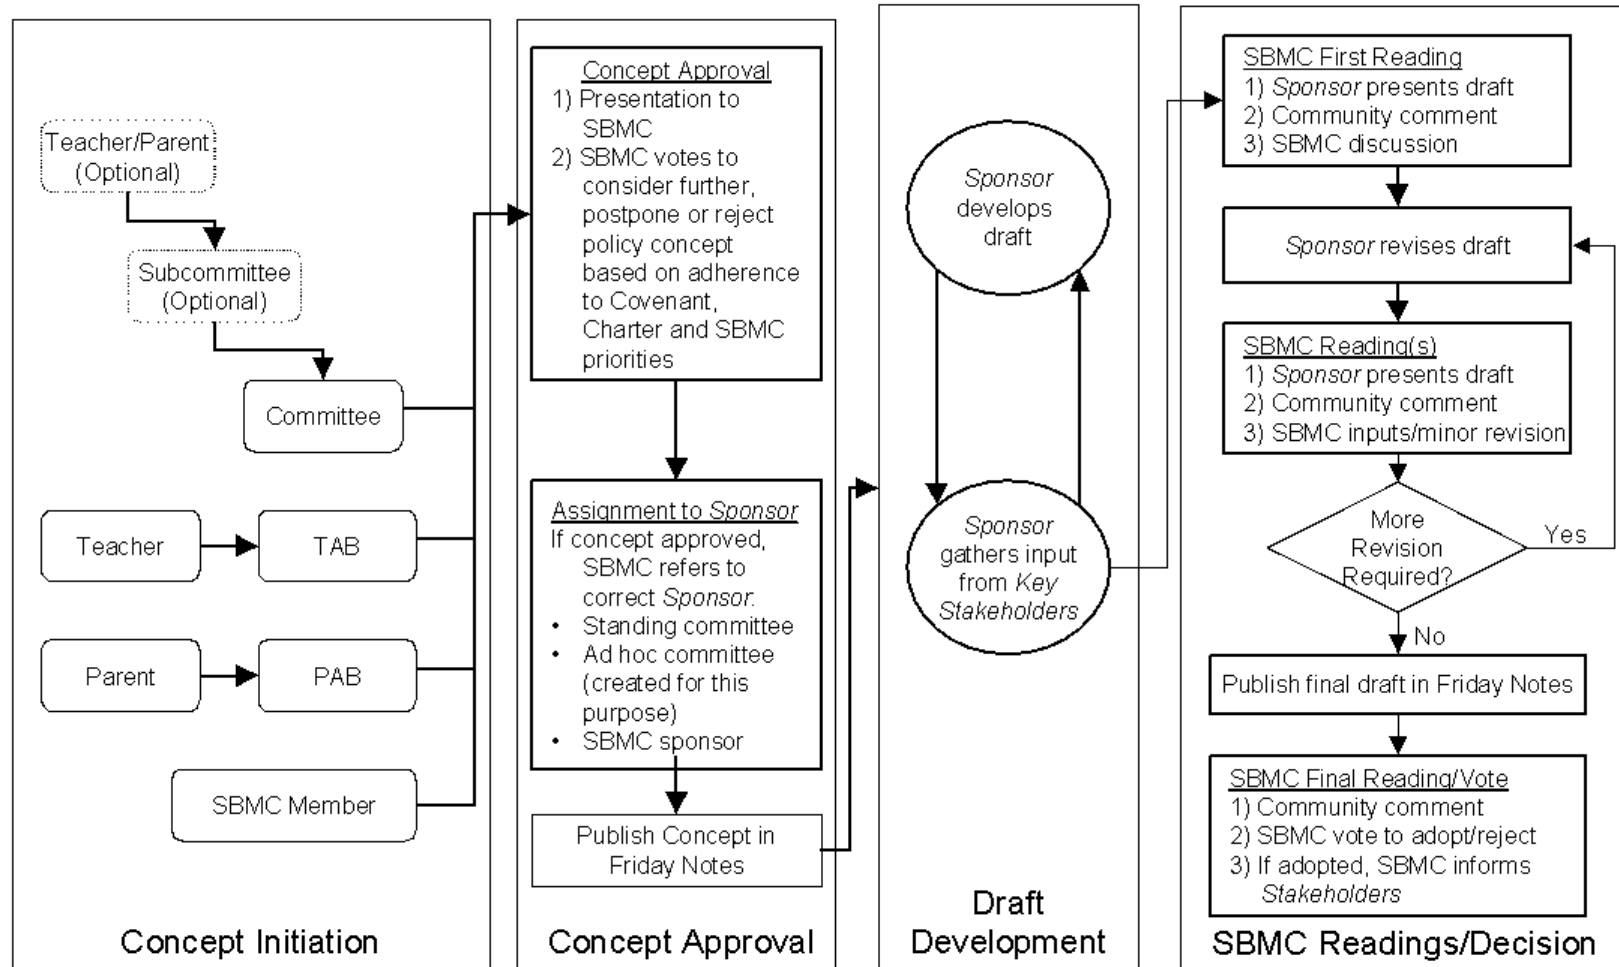

### Type 2 Decision: (Direct Decisions with Input)

## Type 3 & 4 Non-Policy Decision Process

# SBMC Policy Decision Process

## Traut Core Knowledge School Current Policies

- Classroom Placement
- Community Input
- Dress Code
- Grade Level Transfer
- Grading
- Homework
- Homeroom Teacher Job Share
- Science Fair (Traut Learning Expo)
- Siblings in the Classroom
- Specials Teacher Job Share
- Student Leave of Absence
- Study Hall
- Tardy
- Track and Field
- Wellness
