

Summary

This Transformation Item would turn the user into an anthropomorphic Badger kinda like Dr. Badger. (Without having to play the hero to get a badger tf that you won't be able to return to afterward.)

Item Properties

A small black and white pill contained inside packaging that shows pictures of Badger-morphs striking various inquisitive poses.

Buying

You can buy this from Jade, though in the future I might add a special way to get it involving Dr. Badger.
