Our Latest Web Design Projects

Why people **choose** to work with **Expone Design**:

Here's what CSY Media has to say about us:

Fascination Point: (What makes you unique/Benefit)

✓ **Visual Appeal** — Visitors only need **3-5 seconds** to decide whether your website is a WOW and keep scrolling...

Or it was going to be a **Boring** 10-page **jail sentence**.

✓ **Stay Scannable** — With our (UX/UI) **attractive design** and font personality that suits your brand.

✓ **Addicting Experience** — That takes a website from “good enough” to your brand’s **gold standard** scrolling experience.

✓ **Persuasion Cycle** — Our copywriting maestro employs savvy psychological techniques to ignite the **market's desire!**

Everything your site needs for success

- **User Experience/Interface(UX/UI) Design**

We craft websites that not only look great but are user-friendly, too.

- **Website Development**

We keep your web design clean and smooth even on mobile.

- **Website Maintenance**

Think of us as your website's personal mechanic, conducting regular checkups to keep it running smoothly.

- **Copywriting**

We keep your content fresh and engaging, reflecting the latest trends.

- **Brand's logo**

Your logo isn't just an image, it's the cornerstone of your brand's identity.

- **Social media design**

We craft visuals on platforms such as Instagram, Facebook, TikTok, Twitter, and Social Media Advertising.

Call to action:

There are **3 action-taking** steps you could take right this time:

A. **Ignoring and dwelling on this opportunity** might mean missing out on a potential client next month.

B. **Risk Your Business** by going at it alone for 3 months of **sweat and tears.**

C. Save your valuable time on your website plus a **two-month head start** on marketing – *no hassle, no stress.*

In all of our helping experiences, we always treat you as our personal business partner.

The Top Questions Our Creative Agency Is Asked

- **How much is your website design + copywriting?**

If you invested in a website, it could cost anywhere from \$150 to \$500 while a more complex and feature-rich platform could cost upwards of \$1,000.

- **How long does it take to get a website design?**

The timeline for completing a project can range from 3-8 months depending on several factors such as the complexity of your website itself and how quickly you are able to provide feedback.

- **Are you able to provide web hosting?**

Absolutely! We offer web hosting services at a nominal annual fee of \$100. This ensures your website stays up and running smoothly.

- **How are you going to process my website design?**

1. Requirement Gathering

We follow the first and foremost priority of gathering requirements, market resources, and top competitor information to begin our project.

2. UI/UX Design

We create catchy and charming designs with the updated tools of designing to make it the best user-friendly experience.

3. Prototype

After designing, you will get your prototype, which will be sent ahead for the development process for the website.

4. Mobile Development

Development of a user-friendly experience mobile website design.

5. Deployment

After trial and following all processes, your app is ready to launch on your domain.

6. Support & Maintenance

Our company offers you all support and the team is always ready to answer every query after deployment.

- **What if I don't have content to put on the website?**

No content yet? No problem! We'll create a skeleton site with dummy content. Once your material is ready, we'll seamlessly integrate it.

- **What software will you create for my design?**

I employ a range of top-tier software, including AI and PSD. I'm using Figma for (UX/UI) design for specific preferences.

- **Do you build an E-Commerce/Shopify website?**

Certainly! I specialize in crafting e-commerce websites that transform your online store into a seamless shopping experience plus payment setup with a payment processor for your customers.

- **I work with an agency, do you have a solution?**

If you're part of an agency, we have an exclusive solution for you! With Expose Design for Agencies, you'll access a treasure trove of top-notch talent. This includes tailored design and enhanced privacy tools.

As your partner, we treat your website like it's our own

Let's find out if we're a good fit for each other.
