No

Should conduct more activities

Organize more community service and health awareness programs

First of all there must be a proper allocation of the team committee members and treat all of the volunteers equally and fairly so that everyone should feel they are worth for the particular post or any other thing but here it has been unfair in many ways and their is no proper leadership skills in the higher head in the club and I feel from my side that atleast next year give the posting for the right person at right time so that others get motivated and can tend to attend all the events happens in this club and next while selecting the coordinator their must and should keep the interview for everyone equally and the committee head should check the attentiveness of each and every one plus their involvement in the club and then give the posting to people who are in the club and this were the things I felt to share my few opinion from my side.
