Hi, it’s Candace.

Welcome to my little corner of the internet. ✨

If you’re seeing this, you must be wondering what I’m up to.

Currently building: Wonder Monday and Letterloop.

Current curiosities: all things music (handpan, drone flute, drums, singing), earth & womb medicine, non-linear ways of being, meditation, art therapy, interior design (how do you make a house a home?), the spiral path.

When I’m not creating, you can find me communing with nature, sitting with plants, and painting.
