

Easiest way to make more sales

Hey Rowan,

I just checked out your latest video, and I gotta say, you are absolutely killing it with those calisthenics moves. I see how you break down the exercises step-by-step and give your audience helpful tips, which is rare in your niche.

I am going to be truly honest with you.

I am offering digital marketing services to brands in the gym/calisthenics niche.

I have done some research on your website and Youtube channel and I have a few ideas, which can help you increase your sales and views.

For example, I think that implementing targeted social media advertising and improving your search engine optimization strategies could help to drive more traffic to your website and increase your visibility.

I saw that only the biggest gym brands are using them.

If you are interested, please write back to me.

If not I wish you all the best!
