REGISTRATION: if you plan to race, please register by entering your information on the following Google Sheet: 2026 Fal Joslin

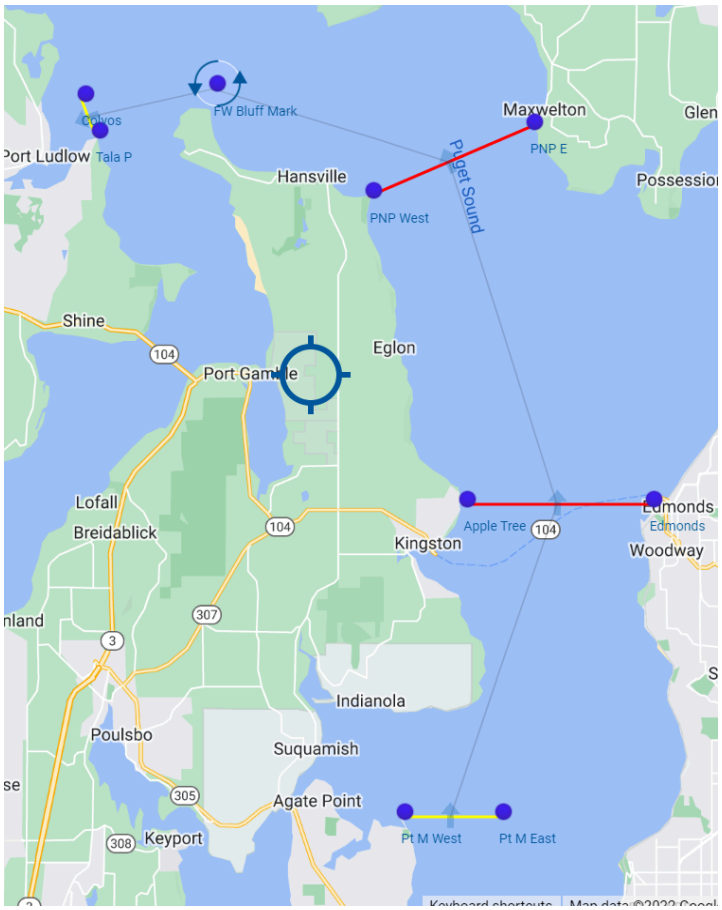

FEES: No Race fees required - see below for moorage reservation + potluck instructions

RACE START: Will be in the vicinity of Point Monroe and will be a Kwindoo virtual line. First start times for the slowest rated boats will be at **~9:30 am**. A specific starting time will be shared with each boat entered and shared via email prior to the race.

COURSE: The course is fully built out in the Kwindoo app as "**PMYC Fal Joslin 2026"** event. Start by passing in a northerly direction between the "Pt M West" + "Pt M East" waypoints that form the startline immediately after your official start time. (I'll do my best to drop a buoy to mark the eastern end of the start line. Keep waypoints "Apple Tree", "PNP West" + "FWB Mark" to Port. See **KWINDOO** Section for app instructions.

Day 2 course will be the reverse of day 1 but start time ***may vary slightly*** depending on the tides. Ty will confirm onsite in Port Ludlow

FINISH: Finish by passing between the "Tala Pt" waypoint + "Colvos" Waypoint and please record your time in case we have any issues with Kwindoo.

TIME LIMIT: We will have a Time Cutoff of 6 pm both days..... shortened course option will only be scored if no other competitor in your division finishes with the time limit.

SHORTENED COURSE: Day 1 we will use the **Point No Point Gate** in Kwindoo as the Halfway point (we will use the **Apple Tree Cove Gate** for day 2) in the event we don't have enough breeze to finish the full course. In the event one boat finishes the full course, halfway times will not be used for scoring.

COMMUNICATION: All racers are asked to monitor VHF channel 72

Be aware there are 2 apps, "Tracking" and a "Live View". Each boat should have one device running the "Tracking" app to track your and to log finish times. Select tracking within the **PMYC 2025 Fal Joslin** race and check to see you are being tracked in the app.

SCORING: Overall Scoring will be via the low point system and reflect the total of each boat's finish position per day. We will also produce divisional scoring for:
