

Postcrossing Meetup Fun!

Goal: have the postcards signed by many Postcrossers, then you can mail them to you or your friends!

What to do: *(You received a brown bag with postcards – these are yours)*

- **Write your name on the brown bag** – so that it will come back to you
 - For extra security, we recommend adding your initials or personal stamp in the stamp box on the postcards. This way you'll know which cards are yours when they come back!
- **Pass the brown bag with the postcards to your neighbor**

When a bag comes to you:

1. **Take out the postcards.**
2. **Sign or stamp them** (your name, initials, or special stamp—your choice!).
 - Only on the left side of the postcard to keep the right-side blank for mailing.
3. **Return them to the bag**
4. **Stamp the bag and pass it along to the next person.**

Attention! *Always keep the postcards together in the bag as they circulate, to ensure that they are returned to the owner.*
