

Of all people why me? I had a pretty normal life I liked video games and that stuff until they day that permanently scared me for the rest of my life i was taking a piss when suddely i look in the toilet and saw a piss stained cartrage called PISS SONIC.EXE it looked and on the back it said DO NOT PLAY OR U WILL BE HANUTED but i decided to play it anyways i put the cartridge into my sega machine and what i saw next made me fr shit myself the screen was sonic but his eyes were red and bloody and he wasnt blue... he was PISS YELLOW with bloody eyes and sharp teeth i was immendley spooed out but i just thought it was a glitch and decided to continue. I started the first level called [insert something really scary and piss related here] it was really scary and im pretty sure it wasnt green hills zone. Instead of playing as sonic the game was making me play as tails and the water was piss instead of water and there were no enemies. I went through the level and everything was pretty normal until i got to the end... sonic was there with his back turned but he had bloody eyes yellow teeth and was piss yellow like before 'sonic? Are you ok?' tails said i wasnt expecting him to say something because im pretty sure these games dont have the characters talking but then sonic said the most devious thing ever that made 2 liters of shit rocked out of my ass like a damn fighter jet 'IM PISSING" he the proceeded to run at tails and as soon as he got to him the screen went black for a few moments then out of no where this image appeared with the most scary scream I have ever heard

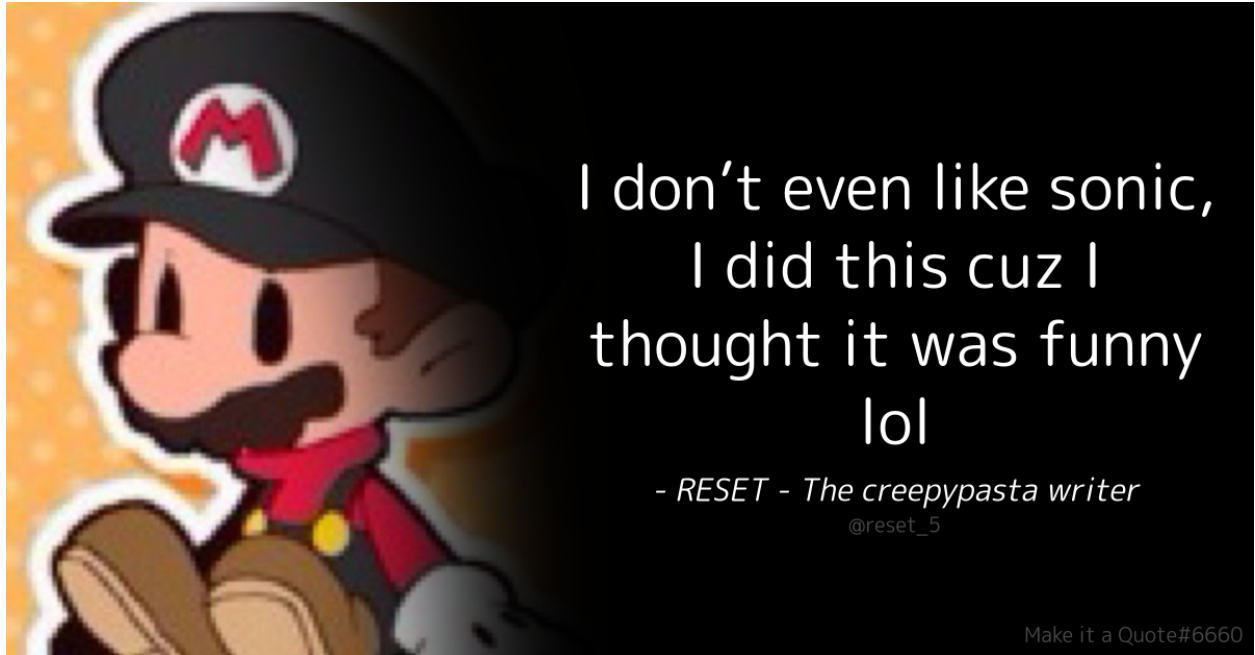

Tails had died but instead of bleeding blood he bled piss. Then text appeared on the screen that said 'free us we are trapped in the game he won't stop pissing' I was confused af wtf did they mean free us and who pissing? I decided to keep going I started up the next level and got some yellow text that said 'hey knuckles wanna take a piss with me?' Then some red text I could only assume is knuckles that said 'I'm gonna touch you' then back to ye yellow text that said 'what is bro on' then red 'crack' the the yellow text said something that I would remember to my grave ' FREAKYNESS DOESN'T GET YOU FAR' (totally original line btw def not stolen from the hit game sonic.exe) then the next level started this time it was called (put the name tendlar made here) I was playing as knuckles but instead of the rings saying rings it said RUN that make me shiver my Timbers so I started doing so as I keep running I saw him the yellow evil sonic he was right behind me and was gaining on me he had the most devious smile ever. I tried to turn around and attack him but he just disappeared and the he teleported right behind knuckles and then grabbed him then he teleported him and knuckles both to a pool filled with piss and then he drowned knuckles. I was scared as shit but then he looked at me and said 'I pissed on the their bodys' and gave me the most devious smile before he was gone

from the screen. I was just sitting looking at knuckles dead piss stained body before out of no where he appeared with that same devious smile covering the whole screen with the text ' I AM PISSING'. I jumped like a cartoon character when that happened but when I looked back at the screen I was back on the level select screen and there was only one left the level called 'I'm gonna piss on your grave' I knew I had to finish this so I started it up. i was now robotnik and the level was robotnik's lair and it was cover in pissi walked down a long hallway that had text written in piss they vary but they were 'YOUR NOT VERY GOOD AT PISSING ARE YOU?', ' THE PISSES OF DISASTER!11!1!', 'I AM PISS' eventually I was at the end of the hallway and there I saw him the yellow evil sonic he said in his evil voice 'time to piss on another dead person's body' but then robotnik said something 'no' 'tf did u say to me?' The evil sonic said 'I've had enough of you you've trapped me in this game for 25 years I have had to deal with you pissing for 25 GOD DAMN YEARS' robotnik said 'I thought we had something' sonic said but then robotnik pulled out a lightsaber 'I'm not gay sonic I like women plus aren't you dating that Mr silly guy?' I knew something crazy was about to happen so I paused the game to go make some popcorn and watch the entire lord of the rings trilogy before returning and unpausing the game 'it's over sonic I'm not gonna let you trap any more innocent souls here in this hell!' Robotnik looked like he was in a anime (smash tbh) but then I realized 'wait he's trapping souls in the game?' I said bot sonic and robotnik looked at me and said 'No shit!' Before going back to their epic final battle poses robotnik was ready he had both hands on his light saber and was sweating a bit 'So...' he said 'Last chance... do you yield?' Sonic then laughed an evil very scary laugh before replying 'nah I'd piss' he then revealed his pp BUT BEFORE YOU CANCEL ME it wasn't a pp... IT WAS A GOD DAMN LIGHTSABER he had a damn light saber for a pp and he didn't even have to use his has he was just using his hips (no freak/homo) 'fine then...' robotnik said 'let's end this' sonic the ran up to him at the speed of light and sliced him in half with his pp saber before doing a mukbang of eating his body he laughed 'I am two steps ahead...' I couldn't believe the hero had lost but the hero couldn't lose but at the same time the hero in this case was robotnik so would he be the hero? 'Hello Michael that's a boring ass name btw do your parents hate you?' I started shivering my Timbers as a heard his evil devious voice 'sonic had so much fun playing with you saying don't you wanna have fun forever? (Maximum freak btw)' I started to shit myself 'no I don't wanna be stuck in this game!' I said in a state of panic 'too late' that was the last rod I heard that evil piss stained sonic say before the game turned off I thought I was safe but then I turned around and saw an evil piss sonic plush that made me so scared that I grabbed my dads shotgun and shot the thing before grabbing it and throwing it out my window and onto the street where it got hit by a semi truck I am still permanently scarred from that day and I still always have nightmares for that sonic... piss sonic.exe I guess you would call him every time I think about him I piss myself and it's gotten so bad I have to wear a diaper now people are just gonna say it's just another generic horror story but it's 100% real no clickbait whatsoever this actually happened and all of you haters are just mad
